VOL. XXV NO. 40.

PADUCAH, KY., TUESDAY EVENING., FEBRUARY 16, 1909.

TEN CENTS PER WEEK

THREE HUNDRED PEOPLE BURN IN MEXICO THEATER

Thousand Gather in Wooden Hall Sunday to Witness Performance.

Burns Like Tinder and Telegraph Destroyed.

NO AMERICANS AMONG THEM

Mexico City, Feb. 16.—Three hundred people were burned to death at Teatro Flores at Acapulco, which was destroyed, several Americans being among the victims.

The telegraph office was burned, and for that reason the news of the disaster was not received until today.

The theater was a wood structure and last night 1,000 persons were packed into it to witness a special performance given in honor of Governor Damanian Flores, of the state of Guerrero.

During an exhibition of moving pictures a film caught fire and the blaze quickly communicated to some bunting which was used for decorative purposes. In an incredibly short time the flames spread to all parts of the structure.

There were but three narrow exits and the panic stricken audience rushed to them, many persons failing to be crushed to death, their bodies choking the way for others. The screams of those imprisoned were terrifying.

Roasted Alive. Owing to the rapidity with which the fire spread and its intense heat it was impossible to attempt rescue work and those imprisoned were literally roasted alive, as the fire burned with little smoke and few were suffocated. The efforts of the fire department were confined to saving the adjoining building.

Many of the dead are from the first families of the state, the affair at the theater being a social event of considerable importance and calling out the wealthiest and oldest families for miles around.

Whole Families Wiped Out. In some instances whole families were wiped out of existence. Municipal authorities caused large trenches to be dug and into these the bodies of the dead were laid. Identification of the dead is impossible, the bodies having been burned in most cases to a crisp.

Telegrams sent to the American consul at Acapulco asking for the names of the American dead have not been answered.

Bodies Not All Removed. El Paso, Tex., Feb. 16.—Reports over the federal wires from Juarez say the death list at the Acapulco theater fire will not exceed 200. Bodies are not yet all removed from the ruins.

No Americans Killed. Washington, Feb. 16.—Maxwell K. Moorhead, American consul at Mexico, informed the state department today that no Americans were killed in the fire destroying a theater Sunday night and killing 300 people.

Lemp Divorce Case. St. Louis, Feb. 16.—Testimony in the Lemp divorce case was concluded at noon today. Arguments began. In the opening Attorney Dillon assailed Lemp as a man, whose word couldn't be relied upon because he admitted on the stand he signed an agreement he didn't intend to keep.

IN FIEND'S POWER FOR THREE HOURS BEFORE RELIEVED

Kansas City, Feb. 16.—A robber armed with an automatic pistol and a satchel filled with dynamite, entered the home of L. M. Jones, a millionaire department store owner, today, and demanded \$7,000. He held Jones' wife and son prisoners three hours while he discussed the matter. Finally he agreed to go in an auto for the cash if Mrs. Jones and the son would stay in the machine as hostages. The robber said he would blow them up if they endeavored to capture him. Jones tripped the man as he was leaving the house. His wife seized the satchel and his son got the pistol. Jones held the man until the police came. The man is unidentified and said to be sane. The satchel had ingenious arrangements of files and matches to explode the dynamite.

Mrs. Carmack First Witness Called at Trial of Coopers Charged With Murder of Husband at Nashville

Large Crowd Present at Court Room When Case is Taken Up This Morning—Plan of Prosecution.

Nashville, Feb. 16.—The court room was crowded today to hear the reopening of the Cooper trial for the murder of Carmack. Mrs. Carmack is in the court.

Mrs. Carmack was the first witness. Her testimony was frequently interrupted by sobs. Her son, Ned, stood close by and endeavored to console her.

E. B. Craig, former state treasurer, a witness in the Cooper trial told of efforts to adjust matters between Carmack and Cooper.

The state purposes to establish, first the death of Senator Carmack by the eye witnesses. Then it will begin to lay the foundation of its theory that the killing was the result of a conspiracy. Just at this point will come the big legal battle of the trial. The defense purposes to fight this contention from the start. The laws of Tennessee upon the conspiracy are said to be very liberal, once the ground work is laid but this foundation must be very strong.

The state's early witnesses will be Mrs. Eastman, with whom the senator was talking when shot; former State Treasurer Ed Craig, who carried Colonel Cooper's threats to Senator Carmack; Carey Folk, brother of the state treasurer, who saw the defendants standing near the scene of the tragedy a few moments before it happened. Just what line the defense will follow except the broad one of self-defense, has not been announced, nor will it be until the state's case in chief is made.

Attorneys for both sides were in conference until late last night. Both sides also have in their employ secret agents in numbers and every stranger in the city is subjected to close scrutiny and espionage.

Association Sales. This morning at the Planters' Protective association salesroom, on lower Broadway, 40 hogheads of tobacco were sold by A. N. Veal, salesman, to the American Snuff company and Mr. J. C. Henry, of Louisville. The tobacco sold was of the 1907 crop and all leaf. Prices ranged from \$7.00 to \$9.00 a hundred pounds.

TWO COUPLES MARRIED BY COUNTY OFFICIALS. Two couples were married today by county officers. Herman Allsup and Hattie Pollard were married by County Judge R. T. Lightfoot, while Magistrate J. J. Bleich married William F. Burger and Lizzie Joiner. Burger is an employee of the Nashville, Chattanooga & St. Louis railroad.

Firemen Making Harrow. Fire Chief Wood and the firemen of the Central station were busy today making a harrow for use on the city farm. The fire boys made a good job on the farm implement, and they boast that it will mash more clods on the city farm than would a steam roller.

300 Lumber Men Coming. More lumber dealers are expected to attend the meeting of the lumber dealers of West Tennessee and West Kentucky next Friday and Saturday than last year. The Paducah dealers expect to entertain between 250 and 300 lumber dealers. Last year a meeting at Memphis conflicted with the meeting. Many calls for rooms have been made at the hotels, and the Palmer House will have a full house. This is assured by the number of calls already.

CHICAGO IS EXPERIENCING GENUINE BLIZZARD THAT SUSPENDS TRAFFIC

Chicago, Feb. 16.—After a lull of several hours Chicago was swept by a second blizzard last night, which continues today. High wind and drifting snow makes efforts of street car companies and railroads to operate practically useless. Wires are down in all directions. Telephone men say the storm is the most destructive they ever fought.

Cleveland Feels It. Cleveland, Feb. 16.—The storm today makes communication with

WEATHER.

The cold weather has caused business to pick up with the charitable organizations, as all day there has been a constant stream of indigents asking for alms. Excuses are varied, but the latest is the application of one negro woman for provisions and fuel because her husband was unable to work. He was caught by the corps of doctors working under the board of health, and was vaccinated, and is helpless.

The Rescue Mission, Salvation Army and Charity club, all have telephones and will send for provisions for the poor.

Ohio cities practically impossible, cutting off the west from the east. Cleveland is the furthest west point New York is able to reach directly. The storm is now working east. It is feared a further tie-up will follow.

Damage to Wires. St. Louis, Feb. 16.—As the result of heavy storms and sleet wires in all directions from St. Louis are working badly today. Messages east are delayed and it is difficult to reach parts west and southwest. New York was reached from Chicago a great part of the day by way of Cincinnati and St. Louis.

The condition of Col. B. B. Linn, of Fifth and Madison streets, is reported unimproved today.

SNOW

Snow tonight, except fair in extreme west portion. Colder tonight central and east portion. Wednesday fair and slightly warmer. Highest temperature yesterday, 37; lowest today, 27.

MURRAY PRIMARY FOR CITY PLACES IS NEXT CONTEST

Editor of Times Mentioned for Mayor and Mayor Hughes For Police Judge.

Tobacco men are moving to Paris, Tenn.

SQUIRE FUTRELL VISITING.

Murray, Ky., Feb. 16. (Special.)—The next political campaign to be pulled off in Murray will be the Democratic primary to nominate for city officers, and a number of gentlemen are now being groomed for the start.

The real fight will be over the police judgeship, and from present indications it will be a three-cornered fight between Judge Simpson, the incumbent, W. R. Peterson and E. A. Hughes, though there may be other entries. E. A. Hughes is at present mayor of the city but the office is not so remunerative as police judge, which he will try for next. W. O. Bear, editor of the Calloway Times, is being urged to make the race for mayor. George Aycock is also spoken of for the place.

J. T. Futrell. A distinguished visitor to Murray this week was J. T. Futrell, Fulton's famed "marrin" squire, who came here to visit his brother, Jason Futrell. Esquire Futrell's bailiwick is the Tennessee side of Fulton, and during his four years' service as magistrate he has performed 689 marriage ceremonies for couples from eight different states. Owing to the lax laws governing marriages in Tennessee, hundreds of young couples go to Fulton each year and by stepping across the state line into Tennessee find "Squire Futrell" ready for action. A distinct advantage enjoyed by the squire is that he has power not only to perform the sacred rites, but he issues the license, being a deputy county clerk. He has just been re-elected for another four years.

Habeas Corpus Case. John Goodloe, who has been held in jail to satisfy an old fine since his dismissal from the charge of burning Ed Owen's barn, attempted to gain his liberty on a writ of habeas corpus Saturday, but failed to prove that he was being wrongfully held. It was claimed by Goodloe's attorneys that the trial at which he was fined was irregular, but Judge Patterson held that a writ of habeas corpus did not apply. The officers are anxious to hold Goodloe until further inquiry into the barn burning is made.

Tobacco Men Leaving. Since Murray has lost her prestige as a tobacco market a number of men who were formerly employed in the loose leaf tobacco warehouses are moving their families to Paris, Tenn., which has profited by Murray's loss. Arthur Savage, William Bailey, Jeff Albritton have secured employment at Paris recently and have moved or are preparing to move there.

Personal Mention. Mrs. Walter Johnson has returned from a visit to Puryear. Judge A. J. G. Wells came in Saturday to see his family.

Hon. J. C. Speight, of Mayfield, was here Saturday and Sunday. Will Harris and Dan Pace, who are in the lighting business at Clarksville, Tenn., were at home Sunday.

Soldier Killed. Peshawar, India, Feb. 16.—A soldier in a Warwickshire regiment was assassinated today on the Jamrud road. It is believed to be the work of revolutionists.

Pay Extreme Penalty. Dannemora, N. Y., Feb. 16.—Leslie Combs was electrocuted this morning. He was convicted of the murder Harry Hosmer on a lonely road, robbing his victim. Combs had been out of prison only a week. A month ago he endeavored to kill himself in his cell with poison.

Priest Wants to Quit. St. Louis, Feb. 16.—Henry S. Priest, attorney for the Waters-Pierce Oil company, is said to have quit the case, leaving Pierce to explain what arrangements have been made for separation of the Waters-Pierce and Standard companies. It is understood at first it was planned to endeavor to show that holdings of stock by the Standard was illegal. Priest, it is said, represents another company here held in the same manner and wanted to drop the case.

Senator McCreary Introduces Bill to Give Graves County \$14,000 for Use of Court House by Government

Senate Discusses Fact That DuPont Powder Company is Only One From Which Supply is Purchased.

Washington, D. C., Feb. 16.—(Special.)—Senator McCreary introduced a bill to pay the county court of Graves county \$14,000 for damages to court house by federal troops.

Burning Trust Powder.

Washington, Feb. 16.—The house provision in the naval bill that no part of the appropriation for powder should be paid to any trust or monopoly, "except in the event of an emergency," was the subject of considerable criticism in the senate.

That it was for the purpose of hoodwinking the public and would not really affect the purchase of powder to any appreciable extent was charged by Senator Cummins.

"The prohibition of the bill as passed by the house," said Mr. Cummins, "is keeping the promise to the ear and breaking it to the hope."

He added that he understood the navy department under this provision would buy from others except the trust only black powder for loading shells and such powder compared with all the powder used by the government is, he said, so small as to be almost negligible. He charged the house with an intention of deceiving.

"If that be true," Mr. Cummins said, "we have here a bill which has been heralded to the world as one which prohibits the United States from buying powder from combinations in restraint of trade, while, in fact, it contains no substantial limitation whatever."

Senator Stone suggested that the DuPont Powder company was the only source from which powder could be obtained.

"So," said the Missouri senator, "the powder trust is the sole source of our supply, except so far as the government itself manufactures powder at Indian Head."

Mr. Hale said that of 3,000,000 pounds used annually, about one-third was made by the government, the remainder being purchased.

Mr. Hale pointed to the lower price for powder fixed by the bill, being 64 cents a pound compared with 69 cents paid last year. Mr. Hale said the navy was now burning up powder in quantities that in the past would have been considered sufficient for a war.

Discussing the naval bill, Senator Hale predicted that if the present rate of increase in appropriations continues it will be necessary for the government either to increase the rate of taxation or borrow money. At the present rate of increase of the navy, Mr. Hale continued, next year \$160,000,000 will be required, and in reply to a question by Senator Bacon the Maine senator said he supposed it would be \$200,000,000 the year after.

NO CHANGE MADE IN DEADLOCK BY ILLINOIS VOTE

Springfield, Ill., Feb. 16.—One ballot in the senatorial contest today showed little change in the deadlock.

Hadley on Election. Jefferson City, Mo., Feb. 16.—Governor Hadley in a special message replied to the grand jury's election report. He advocates bi-partisan election commission for St. Louis and Kansas City, saying the present method favors the party in power.

Taft at Washington. Washington, Feb. 16.—Taft and wife arrived this morning from Cincinnati.

I. C. Wreck. Murphysboro, Ill., Feb. 16. (Special.)—An Illinois Central train was wrecked four miles east of here and the whole train turned over. No particulars are received.

Smoker Tonight

The second smoker of the season will be enjoyed tonight at Grace church parish house. All the men of the church and their guests will meet for an informal social evening of stories and song. Refreshments will be served.

BAILEY WILL NOT DESERT PEOPLE HE TELLS FRIEND

Austin, Tex., Feb. 16.—Senator Bailey in a letter to A. H. Cook, of Austin, declares he has no intention of resigning from the senate, but expects to be a candidate for re-election. He says sometimes he thinks he should retire because the people of the state are ungrateful for his services, but he concludes that political schemers and not the people are fighting him.

Land Fraud Cases. Guthrie, Okla., Feb. 16.—It is understood today that prosecution of the Kickapoo Indian land fraud graft cases will be dropped until after the new administration is formed.

Courses of Study.

Several calls for the course of study have been received by Superintendent J. A. Carnegie, who has complied with the requests for copies. The catalogues were issued last fall and give much valuable data about the schools. The superintendent of schools at West Chester, Pa., made one inquiry for the course of study, while a second copy went to the state school inspector of Minnesota at Minneapolis.

BOARD OF PUBLIC WORKS HOLDS MEETING TONIGHT.

In regular session the board of public works will meet tonight, with only routine business to come before it. Plans for the new brick stack and for the foundation for a boiler at the city light plant have been completed, and it is thought the board will advertise for bids. A report for the ratification of the contract with George Weikel for the building of a culvert over Bradshaw's creek between Broadway and Jefferson street will be closed finally.

TO SAVE GUGGENHEIM'S LIFE. Being Rushed From High Altitude, Which Affected Heart.

Mexico City, Feb. 16.—According to a special dispatch received here from the city of Aguas Calientes, Daniel Guggenheim, of New York, head of the American Smelting and Refining company, is being rushed east on a special train in order that his life may be saved. Mr. Guggenheim visited Mexico City a few days ago, and the altitude so affected his heart that he became dangerously ill. He proceeded to Aguas Calientes, where one of the large smelters of the company is located, and there was acute dilation of the heart.

ALL HORSES MUST BE COVERED FROM COLD THESE DAYS

Patrolmen will be used by the city to see that the work of the Humane society is carried out. Mayor Smith has given orders to the police department that the instructions of the board of fire and police commissioners must be carried out. During the cold weather all horses left standing on the street should be covered with a blanket, and all hack drivers and others have been given notice that the city ordinance must be obeyed. At the Union station the police see that the horses are protected from the cold weather while waiting for the trains. One man was fined \$10 in police court for neglect of animals. The law prescribed in the ordinance is from \$10 to \$100 for each violation of the ordinance.

THIS TALE OF TWO CITIES. CREATES LIVELY DISPUTE

Parsons Can't See Why Little Thing Like Smallpox Should Come Between Them.

Smith Can't See Why Cairo Doesn't Report.

AND THUS THE MATTER RESTS

Although Mayor Smith insists that whatever took place between himself and the chief executive of the quarantined city of Cairo, is sacred, it has leaked out, that each has stood up quite vigorously, not to say warmly, for his own town in such communication as has passed between them.

The first intimation that anything was amiss, was last Friday when Mayor Smith was holding a conference with the board of health in regard to the quarantine, and he announced that Mayor Parsons had called up, and he had made arrangements for a long distance communication with Parsons at noon. Later he announced that for some reason the call had been cancelled and he had not talked with Mayor Parsons.

The next day Mayor Parsons, besides whom no one else in Cairo could have known the fact, inspired a story in the Bulletin, that he had called up Mayor Smith to learn what the board of health here is doing, and Mayor Smith curtly announced that he was too busy to talk. That, of course, furnished the text for a letter from Mayor Smith to Mayor Parsons, explaining, and protesting against the light in which he was shown to the people of Cairo.

What Mayor Smith said in his letter is not known, but what took place is. The Cairo representatives, who stated in conference here that there were 97 cases of smallpox in Cairo and that 45 new cases were reported week before last, promised that they would send daily bulletins to Paducah, indicating the progress of the epidemic and their efforts to stamp it out. It was the intention of the local health authorities, as soon as it appeared that the epidemic was abating and the health authorities of Cairo had vaccinated everybody and isolated all exposed cases, to lift the quarantine. No report ever was made, and at the meeting Friday the board of health decided not to raise the quarantine until Cairo could show some effort to stop the epidemic.

A Lively Thrill. Now, Mayor Smith desired to inform Mayor Parsons of what was done, and that is why he asked for postponement of their telephone conversation. Apparently Mayor Parsons misunderstood, cancelled his call in a huff and relieved himself through the newspapers.

A later telephone conversation took place that was not satisfactory. Mayor Parsons informed Mayor Smith that Cairo's business is fine and lots of people are trading there. Upon Mayor Smith's polite congratulations over Cairo's condition, Mayor Parsons added that he told it to show Mayor Smith that the Paducah board of health is not succeeding in its effort—namely to ruin Cairo's business.

Assurances from Mayor Smith to the contrary had no effect, and Mayor Parsons absolutely refused to send any statement of conditions, and said he didn't have any use for "those two doctors," who advised the quarantine.

The stand taken by Mayor Parsons probably will result in the quarantine remaining in force longer than it otherwise would; because the local health officers do not intend to raise it until they are satisfied that the epidemic in Cairo, either dies out from lack of subjects or is stamped out, and without reports from there they will have to wait until they learn the fact in some other way.

The "two doctors" of whom he speaks are the ones who called on him at Cairo in January and asked for a conference, but were told by Mayor Parsons that Cairo wanted no conference and had no epidemic, although his representatives stated here that there have been more than 200 cases in Cairo since October.

AMERICAN CIGAR COMPANY WITHDRAWS FROM MISSOURI.

Jefferson City Mo., Feb. 16.—The American Cigar company, today filed notice with the secretary of state of its intention of withdrawing from Missouri.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

S. S. S. is the one and only reliable and certain cure for Contagious Blood Poison. This claim is not based on the treatment of a few cases of the disease, here and there, but its success extends over a period of more than forty years, during which time thousands upon thousands have found a cure by the use of this great vegetable remedy. S. S. S. is first of all, an absolutely perfect blood purifier, able to go down into the blood and remove every particle of the virus of Contagious Blood Poison. It cleanses and purifies the circulation, and in this way removes the cause of the trouble. Then nature, assisted by a rich, healthy blood supply, quickly renovates and renews the system, while the symptoms of ulcerated mouth and throat, skin eruptions, discolored spots, falling hair, sores and ulcers, etc., disappear, leaving the body entirely free from the effects of this insidious poison. When S. S. S. has thoroughly cleansed and purified the circulation there is no danger of any future outbreak—the blood is pure and the cause of the disease entirely removed. Home Treatment Book containing many valuable and helpful suggestions for those who are curing themselves with S. S. S., and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Preventing Forest Fires.

The recent devastating forest fires, their cause and prevention is discussed in an able article in the January Popular Mechanics. It says: "Every person who has occasion to go into a forest, whether he be a hunter, naturalist or lumberman, should be careful never to drop a burning match or tobacco where there is anything to catch fire, never build a fire in leaves, rotten wood or other places where it is likely to spread, and never leave a fire before it is completely extinguished. It should be borne in mind that a fire

against a large hollow log is dangerous because it is difficult to be sure when it is completely out, and that in windy weather and in dangerous places, fires should be confined to holes, and the ground cleared around them."

DeWitt's Kidney and Bladder Pills are the best pills made for backache, weak back, urinary disorders, etc. Sold by all druggists.

It's always safe to deny the authority of an opportunity that thrusts itself in upon a duty.

Have not coughed once all day?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says.

Sprinkler Equipment

We will furnish estimates for all kinds of sprinkler equipment for fire protection.

STORAGE OF OIL INSIDE THE CITY

Will be Regulated by Ordinance Hereafter.

Lower Board Concurs in Action of Aldermen Calling for Measure.

BOARD OF COUNCILMEN MEET.

The lower board of the general council on motion of Councilman Al Young last night concurred in the resolution of Alderman Stewart that the ordinance committee be instructed to report an ordinance regulating the storage of oil inside the city.

All the members of the board of councilmen were present at last night's regular meeting. There was not much business before the board. The bond of Mr. George W. Walters to act as city treasurer, was accepted by the board at this meeting. The United States Fidelity and Guaranty company of Baltimore is the bonding company and the amount of the bond is \$20,000.

Chief James Wood, of the fire department, was present and asked the board to purchase 2,000 feet of hose and two patent horse collars. The request of Chief Wood was referred to the fire and police committee with power to act. The committee was asked to buy 4,000 feet of hose as that much would be needed in a short time.

On motion of Councilman Kreutzer the ordinance committee was instructed to bring in an ordinance regulating the selling of fruit from wagons on street corners. A petition from market merchants handling fruit and other fruit dealers in the business section of the town was read, asking the board to prohibit anyone selling fruit from wagons along the street in the main business part of town.

Cemetery Improvements.
The cemetery committee made a number of recommendations to the board and they were, with the exception of one, concurred in as recommended by the committee. The committee recommended that the outside lots in Oak Grove addition sell for \$40 and the inside lots sell for \$30; that Sexton Joseph Mattison have the trees removed from Oak Grove addition and also that Mr. Mattison sell the horse now used at the cemetery and purchase another horse. On recommendation of the committee, Mr. W. M. Paxton was granted the right to erect a mausoleum on the lot of

MUST YOU REDUCE YOUR FAT?

If you have gotten to the point, my dear madam or good sir, where the excess fat must positively come off—don't worry. No need to peer in the gymnasium door with a dispairing glance or sniff dubiously at the soapy savoriness of a bowl of impoverished gruel. You can keep on eating what you please if you will but ask your druggist for 1/2 ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromatic, and 3 1/2 ounces Peppermint Water. Get the Marmola sealed. Mix it at home and take a teaspoonful after meals and at bedtime, for a few weeks. Good health and firm, smooth flesh reduced quickly to an amount natural to your build will reward you. Too simple, you say. Fortunately simple, I say. The simplest things are the best.

Pure Candies

There are lots of places where you can buy candies cheap, but do you think it is economy to run the risk? Cheap candies are made cheap—of impure poor grade ingredients, by cheap, careless help.

Stutz Candies

are made in the cleanest and most sanitary kitchens to be found anywhere, of the purest ingredients to be had.

A. J. Grief. A charge of \$6 for a single grave was recommended, but Auditor Kirkland informed the board that the recommendation conflicted with an ordinance now in force, regulating the price of single graves. The recommendation was referred to the ordinance committee for investigation. The block map of Oak Grove cemetery and addition as prepared by the city engineer was accepted.

On motion of Councilman Van Meter the ordinance committee was instructed to bring in an ordinance prohibiting the sweeping of dirt in the streets and throwing of tin cans and other rubbish in the alleys and streets.

The board instructed the city solicitor to hire a local attorney at Hot Springs, Ark., to take depositions of a witness at that place in the Lee S. Robinson case. Robinson, it is charged, sold liquor to a minor while in the saloon business here and his case has been taken to court. The instructions were given on motion of Councilman McCarty and seconded by Councilman Young.

Broad Street Extension.
A report from the city solicitor, that the traction company refused to operate owl cars was received. The city solicitor was instructed to bring condemnation proceedings for opening a street from Broad street to the Mayfield road. The question of opening a street from Broad street to the Mayfield road was referred to an ordinance committee to bring in an ordinance providing for the opening of that street. A request from the Woman's club for release from taxation and money refunded was concurred in. A communication asking for a transfer of a lot in Oak Grove cemetery from Joseph Keiser to Jacob Oehlschlaeger, was concurred in by the board.

The action of the Aldermen in granting Mr. H. W. Keiser contract for making the fill between Broadway and Jefferson street just beyond Fountain avenue and accepting deed of property to the city from Mr. Weikel was concurred in.

A communication from City Engineer L. A. Washington, regarding property owned by Judge R. T. Lightfoot, was referred to the street committee.

A recommendation from the joint finance committee, allowing Mr. G. W. Katterjohn \$56.43, was concurred in by the board. Councilmen Bowers, Wilson and Young voted against the recommendation. The money allowed Mr. Katterjohn was for improvement of Gipsy Husbands' property in the south side of the city. Salaries amounting to \$2,983.73 were allowed by the board on recommendation of the joint finance committee.

HIGH SCHOOL

GAMES PLAYED AT THE EAGLES' GYMNASIUM.

Girls Play Basketball First and Boys Fill Up Intermissions.

Two fast and exciting games were played last night at the Eagles' gymnasium by four high school teams, with a large crowd of enthusiasts present. The first game was between the first and second girls' teams and the game ended 10 to 3 in favor of the first team. The game between the first and second boys' teams was more exciting and the final count resulted in the close score of 10 to 8 in favor of the first team. So successful was the double-header that probably the games will be played weekly, and it is certain that two games will be played next Monday night.

The teams lined up last night: First girls' team—Katherine Rock, center; Rebecca Smith and Maribha Cope, forwards; Nell Caye and Ruth McChesney, guards. Second team—Clara Stewart, center; Sarah Corbett and Henrietta Kahn, forwards; Hannah Corbett and Clara Smith, guards.

The boys lined up: First team—Edward Mitchell, center; George Hughes and Charles Endries, forwards; Frank Luftenberg and Ward Browning, guards. Second team—Fain King, center; Oscar Gideon and Clarence Yarbrough, forwards; Reeves Elliott and Horace Terrell, guards. The officials were: W. A. Evans, referee; Will Fisher, timekeeper; Miss Adah L. Brazelton, scorekeeper.

AT THE KENTUCKY.

February 23—Louis Mann in "The Man Who Stood Still."

Louis Mann's First Visit Here. When, next Tuesday night, February 23, Mr. Louis Mann makes his appearance in the Kentucky theater as "The Man Who Stood Still," in the now famous comedy of that

Nothing is so good as Good Health

POSTUM has brought back good health to thousands who suffered with coffee aches and all. "There's a Reason."

DR. KILMER'S SWAMP-ROOT
THE GREAT KIDNEY, LIVER & BLADDER REMEDY
THIS GREAT REMEDY IS RECOMMENDED FOR
Acute and Chronic Diseases of the Kidney, Liver, Bladder or Urinary Organs and Acute, Chronic Rheumatism, Uric acid, lumbago or gout.
BRIGHT'S DISEASE
Dissolves and expels Gravel or Gall Stones. It heals and removes irritation, inflammation, Ulceration or Catarrh of the Bladder.

The Test That Tells.
Dothan, Ala., Jan. 21, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—About one year ago two of my children, suffering badly from weak kidneys and diabetes; their urine was very bad and they would have severe spells of dizziness, and were all run down in health. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results, and I decided to get some for the children. I noticed there was some improvement after they had taken two large bottles, and continued to give it to them until they had taken a half dozen bottles, and were well on the road to recovery. I think Swamp-Root has done more for my children than any other medicine I have tried and I recommend it to one having children who suffer as mine did.

R. W. LINSENBY,
City Clerk, Dothan, Ala.

A Georgia Woman.
Sparks, Ga., Jan. 11, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—Some time ago I was troubled with kidney trouble; had severe pains in back and hips. Was treated by a physician, but without any benefit. I noticed some Swamp-Root advertising and resolved to give it a trial. After taking four bottles I was completely cured. Have not suffered any pain at all since and can recommend Swamp-Root to anyone suffering from kidney trouble.

Sincerely,
MRS. E. V. STEVENS.

Baptist Minister.
Brinson, Ga., Jan. 20, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—Some time ago I suffered severely with pain in my back and hips. My back pained me continually and felt miserable. A friend recommended Swamp-Root. I obtained and took the contents of two bottles when I felt relief. My back has not troubled me since and I can thoroughly recommend Swamp-Root to anyone suffering from kidney troubles, as I find it afforded me great relief.

Yours very truly,
REV. E. T. DAWSON.

Results After Using.
Boston, Ga., Jan. 13, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—Some time ago I was troubled with kidney trouble. I thought for some time I was suffering with Diabetes. I had severe pains in my back and hips. A friend recommended Swamp-Root and I decided to give it a trial. I obtained a bottle from a druggist and after taking a few doses, felt relieved. After taking several bottles the pain was entirely gone and I have not suffered the slightest since. I cannot be too enthusiastic in my praise of this wonderful medicine and it gives me great pleasure to give my testimonial in regard to its merits.

J. B. ROUNTREE,
Former Mayor and Member Legislature.

We have sold Mr. Rountree Swamp-Root and have sold it in a number of cases for kidney trouble and always with perfect satisfaction.
J. C. Adams & Son.

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble or obliged to go often during the day and get up many times during the night, have smarting or irritation in passing or heart disturbance due to kidney trouble, Swamp-Root will be found just the remedy you need.

Don't be Misled—For example, when you ask for Dr. Kilmer's Swamp-Root, the Great Kidney, Liver and Bladder Remedy, don't allow any druggist, drug clerk or store keeper to persuade you into buying something else in its place. Every time he succeeds in selling you a worthless substitute he makes

more profit, but you are humbugged at the expense of your health.

NOTE—Every reader of the Paducah Daily Sun who has not tried Swamp-Root, the Great Kidney, Liver and Bladder Remedy, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive a sample bottle free by mail.

At all dealers in 50c and \$1.00 sizes.

A Sworn Certificate of Purity With Every Bottle—See Inside Wrapper.

name, he will appear for the first time in his long and brilliant career in the city of Paducah. Local playgoers have heard of Louis Mann and read of Louis Mann and been, from season to season, promised an engagement of Louis Mann; but not until now have circumstances, more erratic in the world of the theater than in any other department of modern business activity, permitted him to come here as a player. Yet, he numbers among his closest and dearest friends many men and women who are prominent in the business and social life of this community.

In connection with Mr. Mann's impending engagement, it may be remembered that, when the announcement of the building of the Kentucky theater was originally made, it was said that the house, when completed, would be dedicated by Mr. Mann and his then co-star, Miss Clara Lipman, who is Mrs. Mann in private life. It is not now recalled what intervened to prevent this consummation. As to Mr. Mann's play, "The Man

The Value of a Remedy is Proven By Its Cures.

Bikwood, Ala., Dec. 14, 1908.
Dr. Kilmer & Co., Binghamton, N. Y.
Dear Sirs:—I have derived such great benefit from the use of your remedy, Swamp-Root, that I believe it to be most important for the public to know its worth. For the past ten years I have been the most miserable of men. Did not know what the trouble was but had to urinate very frequently both day and night; was all puffed up generally. Could not sleep more than a couple of hours at a time, was greatly distressed after eating a meal and was about worn out. I had tried nearly everything I could see advertised and hear of, without helping me to any great extent, until finally in October last at Ripan, Wis., I purchased a one dollar bottle of Swamp-Root and commenced taking it according to directions and I followed that with another bottle and experienced such great relief and benefit from same that I purchased five dollars worth at Huntsville, Ala., and continued its use and am now taking it, but in smaller doses and twice a day in place of four times a day and believe by the time present supply is used up I will be entirely well. I am feeling better now than for ten years past. Can eat and sleep first class, in fact I am feeling so good that I cannot resist telling you about it. You are at liberty to publish this testimonial should you wish.

Very Respectfully,
THOS. STALLARD, U. S. A. Retired
Box 7, R. R. No. 2, Elkwood, Ala.

A Clergyman.
New Roads, La., Jan. 22, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Dear Sirs:—I write today to the public that your Swamp-Root cured me of kidney trouble. I was almost past going; having spasmodic spells with my kidneys that were breaking down my constitution. The best medical aid was employed and they pronounced my trouble as alkali in the kidneys, but were unable to do me any permanent good. I took four bottles of Swamp-Root and became a well man. This was six years ago and I have had no trace of the trouble. Yours for suffering men,
REV. J. R. TAYLOR,
Pastor Baptist Church, New Roads, La.

Mail Carrier's Experience.
Bismarck, Tenn.

I have been a rural letter carrier for over five years. Some two years ago I was taken with severe pains in my back and hips. I used medicine from my family physician for several months without any benefit. A friend, Mr. J. D. Nelson, advised me to try your Swamp-Root, but I had no faith in it. I continued to grow worse and at last decided to try this remedy and bought of Long Bros. a fifty-cent bottle which gave me great relief. I then bought two one-dollar bottles which I can truthfully say have completely cured me.

Had it not been for Swamp-Root, I would have been compelled to quit the rural free delivery service.

I advise all mail carriers who get pains in their back that Swamp-Root will cure them.

I was so bad that very often my wife would have to help me to arise.
M. B. HENDRICKSON,
Rural Letter Carrier, Route No. 2.

A Contractor.
Donelsonville, Ga., Jan. 20, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—About four years ago I suffered from kidney trouble and rheumatism in my hips. The pain across my back became so severe that I could hardly straighten up and could not walk without dragging my feet. I would urinate frequently and would have to rise two or three times during the night, causing me to suffer from loss of sleep. And with the pain I was all run down and began to lose flesh. I saw Swamp-Root advertised and bought one bottle to try it. After taking it I felt better and could sleep all right at night. I continued to take it until I had taken four large bottles. I was entirely free from any pain in the back and began to gain in weight. I always recommend Swamp-Root to my friends as I think the cure in my case remarkable.

Yours very truly,
M. H. HISKSON, Donelsonville, Ga.

Every mail brings many unsolicited testimonials from people from all over the United States and foreign lands, expressing heartfelt gratitude for what Dr. Kilmer's Swamp-Root has done for them.

Do not let anyone sell you some other medicine to take the place of Swamp-Root—if you do you will be disappointed—insist on getting what you ask for—there is no other medicine as good as Dr. Kilmer's Swamp-Root.

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble or obliged to go often during the day and get up many times during the night, have smarting or irritation in passing or heart disturbance due to kidney trouble, Swamp-Root will be found just the remedy you need.

Don't be Misled—For example, when you ask for Dr. Kilmer's Swamp-Root, the Great Kidney, Liver and Bladder Remedy, don't allow any druggist, drug clerk or store keeper to persuade you into buying something else in its place. Every time he succeeds in selling you a worthless substitute he makes

more profit, but you are humbugged at the expense of your health.

NOTE—Every reader of the Paducah Daily Sun who has not tried Swamp-Root, the Great Kidney, Liver and Bladder Remedy, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive a sample bottle free by mail.

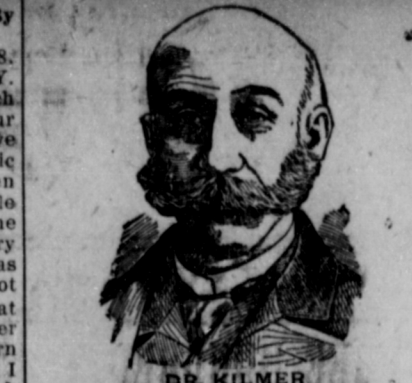

At all dealers in 50c and \$1.00 sizes.

A Sworn Certificate of Purity With Every Bottle—See Inside Wrapper.

Who Stood Still," it has been one of the marked hits of the present theatrical season, having had long runs in both New York city and Chicago, and it is now drawing nightly crowds to the Century theater, St. Louis, where Mr. Mann has always been an immense favorite. It was played by Mr. Mann and his brilliant companions for the week of February 1 in the Grand opera house, Cincinnati, and at the end of eight performances held the record for a week's attendance in that old-established theater, which was the tarrying place of such great stars of the past as Edwin Booth, Henry Irving, Lawrence Barrett, Tommaso Salvini and Richard Mansfield.

Improving.
"How is your son James getting on at college, Mr. Boggs?" asked the

Only One "BROMO QUININE," that is Laxative Bromo Quinine Cures a Cold in One Day, Grip in 2 Days

Dr. Kilmer's likeness is on the outside wrapper of every bottle.

Beneficial in Severe Cases.

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—I hardly know how to express my appreciation for the good your Swamp-Root has done me. I had been greatly troubled with my kidneys, and with pain in the back; also with what the doctors termed inflammation of the neck of the bladder. Sometimes my back would get in such shape that I was almost helpless. I had tried several doctors and medicines to no good effect, and finally I noticed in some paper where Dr. Kilmer proposed to send a sample bottle of his kidney medicine, Swamp-Root, free by mail. I sent at once and received promptly a sample bottle. After taking it I found it did me good. I then purchased two bottles from our merchant, Mr. W. J. Elzer. After taking the medicine I felt like a new man, and each day rode five miles to teach school. You are at liberty to use this letter, or refer anyone to me, as I will always be glad to tell them what a wonderful remedy this Swamp-Root is. Mr. James Ivens, of Sandersville, Tenn., is taking it with good results.

Very truly yours,
D. A. MONTGOMERY,
Member Tennessee Legislature,
Rural Route No. 24, Edgefield, Tenn.

Results It Has Proved.
Dothan, Ala., Jan. 21, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Dear Sirs:—Have been suffering more or less from kidney trouble for the last five years and was induced to try your Swamp-Root. Am happy to say, or give you testimonial, that it has cured me. I am a traveling salesman for Messrs. Colgate & Co., New York, and am always traveling on the road. Drinking the different waters affected my kidneys. Yours respectfully,
SAMUEL WOLF.

A Prominent Mason.
Jackson, Tenn.

According to my experience, I do not consider there is anything to equal Swamp-Root for kidney affection.

Twice it relieved me when I was completely helpless. The last time I was traveling in Texas, when my kidneys became affected, and for ten days I suffered excruciating pains, accompanied with severe chills. Several years previous, having been relieved of a similar attack, I naturally sought relief as before from Swamp-Root.

After using four of the large size bottles, I was completely restored and went on my way rejoicing and praising Swamp-Root. This was three years ago and I have had no indication of a return of the affliction.
J. C. SMITH, Jr., 33* Mason.

Fully Satisfied.
Waycross, Ga., Jan. 5, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.
Dear Sirs:—During last October I suffered from my kidneys. I consulted my physician, who prescribed for me, but his treatment did not benefit me. After reading some Swamp-Root literature, I decided to give it a trial. After taking a few doses, I felt somewhat relieved, and after two one-dollar bottles had been taken, I had no pain and was completely cured. I have not had the slightest pain in my back or hips since. From my own experience, I can cheerfully recommend Swamp-Root to any one suffering from kidney trouble.

Yours very truly,
SIMON MARTIN.

Mr. Martin conducts a carting and transfer business.

END OF A RED NOSE.

New Flesh-Colored Product That Heals and Hides Skin Imperfections.

A peculiar feature of poslam, a new skin discovery, is that it is naturally flesh-colored and contains no grease, so that when used on the face for the complexion, or for pimples, red noses, or any other inflammations, blemishes, or discolorations, its presence cannot be detected. It can thus be applied in the daytime, the natural color of the skin being immediately restored and the actual healing and curing process accomplished in a few days. It can be had of any pharmacist who sells pure drugs. Gilbert's make a specialty of it. Fifty cents' worth will answer either for the troubles mentioned or in curing ordinary cases of eczema. Itching stops at once.

The Emergency Laboratories, No. 32 West Twenty-fifth Street, New York, are the sole dispensing agents for poslam in the United States, and will send an experimental quantity free by mail in plain wrapper to all who write for it. This will show results after an over-night application.

Dr. Mead's Opinion of an Oyster.

"In my opinion, while an oyster may be made to carry foreign germs in experimental tests, or by being soaked in contaminated waters, modern conditions of oyster culture militate against any such possibility in their natural state. The danger of infection from the oyster is infinitesimal—no greater than the danger to be faced in the eating of meat or any other food product. As compared with milk, butter, raw fruit and raw vegetables, the oyster is remarkably safe food, being practically free from any contaminating bacteria."—Romance of an Oyster in December National Magazine.

DeWitt's Carbolized Witch Hazel Salve, the original, is good for anything when a salve is needed, and is especially good for piles. Sold by all druggists.

HOUSE REMOVES
BAR FOR KNOX

Passed Bill as it Came From Senate Saturday.

Previously Rejected by Two-thirds Rule, but Vote Under Special Rule Was 173 For, 117 Against.

THE SENATE WILL ACCEPT IT.

Washington, Feb. 16.—The house at 4:40 passed the bill removing the constitutional bar to Senator Knox assuming the office of secretary of state. The bill had been previously rejected under the two-thirds rule. The majority on passage under the special rule was 173 to 117.

The bill is substantially the one passed by the senate and it is considered probable that it will be accepted by that body. A special rule enabling its final passage by the house permitted a majority vote instead of two-thirds.

Twenty-six Republicans voted against the bill and 31 Democrats for it as follows:

Republicans against: Bede, Minnesota; Birdsall, Iowa; Calderhead, Kansas; Cary, Wisconsin; Canfield, Missouri; Chaney, Indiana; Cook, Colorado; Denby, Michigan; Fuller, Illinois; Gilham, Indiana; Hayes, California; Kusterman, Wisconsin; Lindberg, Minnesota; McCall, Massachusetts; McCreary, Pennsylvania; Mann, Illinois; Marshall, North Dakota; Nelson, Wisconsin; Nye, Minnesota; Prince, Illinois; Robert, Massachusetts; Stanford, Wisconsin; Waldo, New York; Wheeler, Pennsylvania.

Democrats for: Adair, Indiana; Bartlett, Nevada; Broussard, Louisiana; Clayton, Alabama; Craig, Alabama; Crawford, North Carolina; Dearmond, Missouri; Fitzgerald, New York; Hackney, Missouri; Hammond, Minnesota; Howard, Georgia; Humphrey, Mississippi; Johnson, Kentucky; Jones, Virginia; Lassiter, Virginia; Lee, Georgia; Lever, South Carolina; Maynard, Virginia; Mon, Tennessee; Randall, Louisiana; Richardson, Alabama; Robinson, Arkansas; Small, North Carolina; Speight, Mississippi; Sulzer, New York; Taylor, Alabama; Touvelle, Ohio; Watkins, Louisiana; Wiley, Alabama; and Wilson, Pennsylvania.

DESTROY THE CAUSE.

You Cannot Cure Dandruff Without Destroying the Cause of It.

Many people wash their scalps Saturday night or Sunday to try to keep the dandruff down for the week, but on Monday night the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff; and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will destroy the germ, and that is Newbro's Herpicide. It is an entirely new discovery and the only hair preparation that is based on the new scientific principle. In addition Herpicide is a very refreshing hair dressing for regular toilet use. Sold by leading druggists. Two sizes, 50c. and \$1.00. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. R. W. Walker Co., Special Agents.

Statedhood Bill Passed. Washington, Feb. 16.—Without a dissenting vote the bill granting separate statedhood to Arizona and New Mexico passed the house as did also the bill providing for uniformity in car equipment with safety appliances. Carvon, of Rhode Island, announced the death of his colleague Granger, and the house adopted resolutions of regret. As a further mark of respect a recess was taken until tomorrow.

AGED DIPLOMAT
HAS RESIGNED

Henry Vignaud, Secretary of Embassy at Paris.

To Allow the Promotion of Some Younger Man is Reason Given By Him.

HE HAS MADE HIGH RECORD

Paris, Feb. 16.—Henry Vignaud, secretary of the American embassy at Paris, has resigned to take effect March 31. Vignaud assigns as the reason his advanced age and desire not to block the path of promotion to younger men.

Vignaud, who is 79, and the oldest member of the American diplomatic corps abroad, leaves the service highly esteemed by all who knew him.

As he is without private fortune of any kind, a group of prominent Americans who appreciate his long and faithful service have come forward and raised a fund of \$20,000 to provide for his remaining years.

Vignaud came abroad as secretary to the Confederate diplomatic commission in Paris in 1863. In 1875 he became the regularly commissioned secretary of the American legation and embassy and has been here thirty-four years.

He participated in many important negotiations and acquired a high reputation as a diplomat.

He enjoyed to a high degree the friendship and confidence of the French public men who have directed the government for two generations. A few years ago the French government named him as arbitrator in the Franco-Haitian controversy.

He has made a high record in the performance of his duties. Although he is 60, he shows little signs of wear and tear, and is healthy and robust as ever.

Mr. Collins first carried the mails between Rochester and Snodland on March 11, 1868. "In those days," says the veteran postman, "things were very different in the G. P. O. I walked on an average of twenty miles a day. There were no holidays, and if I wanted a Sunday off I had to pay somebody (approved by the postmaster) to do the delivery for me.

Mr. Collins estimates he has walked close upon 300,000 miles in the performance of his duties. Although he is 60, he shows little signs of wear and tear, and is healthy and robust as ever.

Mr. Collins first carried the mails between Rochester and Snodland on March 11, 1868. "In those days," says the veteran postman, "things were very different in the G. P. O. KIDNEYS CURED BY THIS SIMPLE TREATMENT.

Get your druggist to mix the following ingredients: One-half ounce fluid extract Buchu, one ounce of compound fluid Balmwort and two ounces of syrup Sarsaparilla compound. Shake well and take a teaspoonful after each meal and one when retiring. Drink plenty of water, but little of any liquid at meal times.

The great urinary specialist, Gault, whose single fees ranged from \$500 to \$1,000, acknowledges in his latest reports that this simple mixture is the most reliable and will cure all but the most complicated and aggravated kidney and bladder affections and rheumatism; therefore, it is well worth trying.

Puffing under the eyes, backache, headache and dizziness, burning of the eyes, blurred vision, extreme nervousness, and insomnia all indicate urinary trouble. Many more symptoms could be named, but the reader will surely recognize them.

The wages I received were 2s a day, and the uniform consisted simply of a gray coat with red stripe and an ordinary felt hat with the brass badge, 'G. P. O.' on it.—Tit-Bits.

Mott's Nerve Pills.

The great iron and tonic restorative for men and women, produces strength and vitality, builds up the system and renews the normal vigor. For sale by druggists or by mail, \$7 per box, 6 boxes for \$5. Williams W'g. Co., Cleveland, O.

Poverty-Hidden.

Was there ever a more heartbreaking problem than that of being poor and yet looking prosperous? Far better to have a diet of potatoes and cabbage soup and a pair of leather breeches of the vintage of 1853.

And that is one great reason why the country, be it Galway or Cattaraugus or Posey County, is a better place to be poor in than a city. A man is a man there, even if blue drilling jumpers are his best.

Barring a condition of actual griping want—from which may God

Daily Thought.

Between bridge and stream the Lord's mercy may be found.—St. Augustine.

Now, the groundhog can come out if he wishes to.

All the accessories are being accumulated for a big flood this spring.

No one has heard the lodge goat protest against making President-elect Taft a Mason at sight.

It must seem strange to Emperor William, who was wont to hale citizens, who talked too much, before the courts on the charge of lese majeste, to find himself brought to bar for offending the majesty of the people.

CAIRO'S MAYOR AND THE SMALL-POX.

Mayor Parsons, of Cairo, quite evidently intends to run for office again, and the newspapers propose to aid him. Saturday the Bulletin contained a story from him, that he had called up Mayor Smith by long distance telephone on Friday, and that Mayor Smith had sent word he was too busy to talk. When Mayor Smith learned of it he wrote to Mayor Parsons, but so far his letter has not been given to the press by the wily Mayor of Mudville.

The fact of the matter is, Mayor Parsons called up, while Mayor Smith, who had just returned from a trip, was in conference with the board of health regarding the Cairo quarantine, and he asked long distance to make an appointment with Mayor Parsons, so that he could tell Mayor Parsons exactly what the board had decided to do. When the time arrived he learned that the call had been cancelled, and the next day appeared the statement in the Cairo papers, that Mayor Smith refused to confer with Mayor Parsons.

The facts published in the Paducah papers, regarding the situation at Cairo, were collected at the conference held here, and were taken from statements of the Cairo representatives. They promised to send daily reports of the conditions and the progress of their efforts against the smallpox. This they have not done, and Mayor Parsons has since stated that they will not furnish any reports, but in the face of the fact, that at the last report there were forty-three new cases in one week, he expressed the opinion that Paducah instituted that quarantine to hurt Cairo's business. And the pity of it is, he doesn't believe any such thing.

Mayor Parsons is afraid his own towns people will find out how miserably he has looked after their interests in this matter. He is a candidate for office; that is the trouble with Parsons. He has not been trying to stamp out the smallpox, but to conceal it. Now that it is exposed, he is afraid he will be exposed. Cairo has the smallpox pretty bad, but she is suffering with something worse than that.

THE END OF THE WORLD.

From the earliest ages men have been predicting the end of the world. Now science is taking it up—the Sun-

day supplement science—and it may be that we will have fuel enough to run us for the next three years without the intervention of another conservation congress. Three years is the limit put on our planet, according to the real dope.

Here's the latest. The earth is a four sided pyramid, with the flat surfaces in the Pacific, Atlantic and Indian oceans and the north pole. The ridges are the Pacific slope mountains of the western hemisphere, the Alps, Himalayas, the plateaus of Tibet and the mountains of Australia and the sea islands. A twist gave us the Mediterranean, the Sahara and few other flat places. But everybody can shut one eye and see this earth is a pyramid. Oh, yes, another ridge is the south pole. Now the electrical attraction of the sun dilates the crust of the earth, which does not fit closely over the interior molten mass, due to contraction of the latter, and as it dilates the gases rush out of the molten mass. When the sun's attraction subsides in 1912 and the crust contracts, that gas will force its way through the mountain cracks or burst the earth asunder. Now what do you think of that?

THE BREED OF MEN.

"I am trying to improve the breed of men," was the famous rebuke Governor Hughes administered to the men, who protested against his anti-race track gambling measure on the ground that it would interfere with efforts to improve the breed of horses. President Roosevelt's latest message is in the interest of improving the breed of men. Strange, isn't it, when we come to consider the matter, that the betterment of our fellowmen's condition should be last in the consideration of the federal government? The agricultural department has been looking after the breed of cattle and other domestic animals since its organization; cotton has been the subject of much concern; our own state department of agriculture is now engaged in improving the quality of Indian corn in Kentucky. The walls are left to the mercy of privately endowed institutions.

"The Home," says the conference for the care of dependent children, is the best place for their training and development. The Home, echoes the president, and history and scripture bear them out in it. Institutions and orphanages are necessary, because private homes cannot be secured for all; but poverty is not a crime or a necessarily bad influence, and the president suggests—and he is right—that, where, with a little aid the home may be maintained and the children reared by good parents, unfortunate though they may be, such a life is better for the children and parents than in the most highly endowed and well kept institution. Here is something we haven't considered before.

The first thing, the president suggests, is a census of waifs and children in houses of correction. Settlement workers and probation officers of juvenile courts in cities have done much good work. With the practical aid of the government their work will be made much more effective, by being systematized. Some home influences may be improved in the city slums by this light thrown into dark corners.

An ounce of prevention is better than a pound of cure. This is as true of crime as of disease. If by proper training we can bring up children to be good citizens, it is better to invest the money in their early correction than in their later punishment.

SOME STORIES AROUND TOWN.

For the first time in 14 years Messrs. C. W. Meacham and J. M. Meacham, of Crofton; H. D. Meacham, of Hopkinsville, and A. W. Meacham, of Tyler, all brothers, met yesterday at the home of Mr. D. A. Meacham, 610 North Third street. Mr. C. W. Meacham is 74 years old and became ill while on a visit to his nephew, and his three brothers came to see him. The reunion of the brothers was a pleasant occasion.

Although not 200 miles from his boyhood home in LaCerte, an unknown man was at the Union station last night en route from his home in Greenville to the scenes of his childhood for the first time in 35 years. The stranger arrived at 6:10 o'clock, and in the confusion failed to make connections with the Cairo train and had to wait over 24 hours for another train. The man remained at the station and his story was unusually funny to the employees of the railroad that in these times of rapid transit that a man should let a hundred miles separate him from his present home and his friends of childhood days. The stranger left this morning at 9:30 o'clock for his home and his expectancy was not dimmed in the least by his long wait in the station last night.

A ruralite was in Paducah yesterday and his cash allowance was slender. He thought of the sights of the city and then reflected on the shortage of his wherewithal. At last he reached a happy conclusion and decided to spend a nickel for dinner and "blow" the remainder on seeing things. Accordingly he approached a hamburger stand and waited his turn in a great deal of anxiety. Finally it was his turn to be served, and when the chef turned toward him and asked him what it would be he quickly answered, "A hamburger."

"What'll you take with 'em, pickles or onions?" questioned the

food plot, meaning what would the country lad like best between the meat and bread. But the roused farmer did not understand it that way, and feeling vexed that a city fellow should tease him he said: "Gimme a meat hamburger; that'll be all right." Nevertheless, three big slices of onion went between the meat and bread, and the farmer devoured it with relish.

Kentucky Kernels

I. R. George dies at Mayfield.

Dr. F. L. Lightfoot dies at Hawesville.

Breathitt grand jury after blind tigers.

Maj. C. F. Burnam better at Richmond.

Mrs. Clem Calhoun dies at New Haven.

Forty miners laid off in Union county.

N. P. Allen, dentist, dies at Bowling Green.

W. B. Smith recovering from burns at Richmond.

Prentice Clubb, mayor of Eminence, resigns.

Rev. Robert Bruner, Baptist, dies at Hawesville.

Third regiment camps at Earlington August.

Local option campaign starts at Louisville today.

James Haynes, Confederate veteran, dies at Hickman.

A. H. Patton, of Jackson, candidate for state senator.

L. P. Little, Owensboro, special judge for Warren circuit.

Frank Davidson, of Leslie, gets six years for killing Hugh Jones.

Ophelia Euler, 10, saves family from burning home at Frankfort.

LOCK CANAL

BEST, IS REPORT OF EXPERT ENGINEERS.

Col. Goethals and Other Eminent Authorities Report on Panama Canal.

Washington, Feb. 16.—Chairman Goethals and General Counsel Rogers of the Isthmian canal commission, and F. C. Boggs, chief of the Washington office, today appeared before the sub-committee of the house committee on appropriations, which is preparing the sundry civil bill. Goethals explained the estimates for appropriations for 1910.

Goethals spoke emphatically in favor of the lock system for the Panama canal in preference to the sea-level plan. The latter, he said, would cost about \$175,000,000 more than to construct a lock canal, the cost of which he said will reach \$375,000,000 including the original purchase price, but not including the interest on the money.

Why Cornelison's Headache Liver Pills will cure hat 10 cents. All Druggists.

SHIPWRECKED MEN RESCUED.

Sailing Vessel Rams Another in Fog and Latter Sinks.

Algiers, Feb. 16.—Captain Norman, leave his ship, states that Friday morning during a heavy fog a large sailing vessel suddenly loomed up and struck the Australia on the port bow. The steamer immediately settled and sank within three minutes. The crew had just time to scramble into the boats without food or clothes.

They were tossed about for two days, during which time the boats became separated from each other. When the men in the captain's boat were about giving up the steamer Liberia was sighted and she responded to their signals.

Norman estimates the total number of victims at 46. So far as is known only ten of the crew of the Australia, which numbered 26, were saved and the sailing vessel was of the class as is usually manned by 30, all of whom it is believed perished.

MISUNDERSTOOD ORDER.

Burlington Passenger Train Runs Into Work Train.

Plattsburgh, Neb., Feb. 16.—Through a misunderstanding of orders, Burlington passenger train No. 6, east-bound, was wrecked at LaPlatte by colliding with a pile driver attached to a work train. None of the passengers was injured, but Engineer G. H. Moore and Fireman Schaffer, of the passenger train, were hurt, the former seriously. The crew of the work train jumped when they saw that a collision was inevitable.

CHANCELLOR BECKERT HAS CONFESSED TO MURDER.

Santiago, Chile, Feb. 16.—Herr Beckert, chancellor of the German legation here, who was arrested at Chilean last week, has confessed to the killing of a servant of the legation whose body was found ten days ago in the ruins of the legation office after the destruction of the building by fire. He declares he killed the man in self-defense.

HOW TO MAKE THE BEST REMEDY

Fine Recipe For Rheumatism and Kidney Trouble.

The following prescription for the cure of rheumatism and kidney and bladder troubles has no doubt been filled millions of times, viz.: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic afflictions, relieving the aches and pains and reducing swellings.

A well-known authority states that this mixture acts directly upon the eliminative tissues of the kidneys; cleanses these spongelike organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism.

If your back or sides ache and you suspect kidney trouble it would be wise to try this for a few days.

J. W. BEAVERS

FATHER OF W. S. BEAVERS AND J. H. BEAVERS, RIES.

Sons Leave Today for Princeton to Attend His Funeral—Has Seven Children.

Mr. W. S. Beavers, foreman of the car barn of the Paducah Traction company, and his brother, Mr. J. H. Beavers, an employee at the car barn, received the sad news yesterday of the death of their father at Princeton, Mr. J. W. Beavers, Mr. J. W. Beavers was 68 years old and had been ill for some time with dropsy which caused his death. He is survived by seven children, two sons living in this city, and the other children reside in Caldwell county. The funeral was held this afternoon at Princeton. Mr. W. S. and J. H. Beavers went to Princeton to attend the funeral.

BISHOP HOSS UNDER KNIFE.

Condition Worse Than Expected and He is Critically Ill.

Baltimore, Md., Feb. 16.—Bishop E. E. Hoss, of the Methodist Episcopal church, south, was operated upon at the Johns Hopkins hospital by Dr. Hugh H. Young, one of the best known specialists in this country.

The bishop was taken into the operating room at 9 o'clock, and it was not long after this that the surgeon's knife was applied. Upon an examination by the surgeon it was found that the bishop's condition was worse than expected, and it took two hours to perform the delicate operation. He recovered from the effects of the ether several hours afterward, but seemed quite weak.

CORPORATION TAX RATE

Fixed By Michigan State Tax Commission at \$18,000.

Lansing, Mich., Feb. 16.—The state tax commission completed the annual assessment of railroad and other corporation property in Michigan which comes under its jurisdiction. The total valuation is \$209,398,925, slightly higher than last year's figures. The tax rate is fixed at \$18,000; it was \$17,02 the previous year. This will require a tax payment of \$3,781,498, an increase of \$91,296 over last year.

AMMONIA GUN INVENTED FOR HELPLESS WOMEN.

Dayton, Ohio, Feb. 16.—As a result of attacks made by "Jack-the-Grabber," Mrs. Lizzie Kline, 22 Montgomery street, has invented a new pocket weapon to be used by women to protect themselves against street prowlers and women grabbers. The weapon is an ammonia gun, with a load diluted with a pinch of cayenne pepper.

Mrs. Kline is now awaiting a commission of weapons from the manufacturers. She has received a large number of orders for the little device.

Delayed by Blizzard.
Miss McDonald, of New York, the expert corsetier who was to have arrived at Guthrie's yesterday to give demonstrations and fittings for the coming week, was delayed by the blizzard which has been sweeping through the country and did not arrive until this morning. All preparations are now complete, however, and those who desire to avail themselves of her expert service free are invited, to make an early call. She will be here all this week.

It takes a lot of piety to stand up against prosperity.

AFFINITY DEPORTED

STEERAGE RIDE FOR Mlle. NATHONETTE.

Came to Visit "True Love" But Had No Thought of Marrying Him.

New York, Feb. 16.—Eugenie Nathonette, the pretty Parisienne who very frankly stated that she came to this country to meet but not to marry her admirer, Jacques Mallet, and therefore was detained at Ellis Island as an undesirable alien, must return to France.

A special board of inquiry decided today that she be deported. It ordered that she return to France on La Provence when it sailed Thursday. And, although she has plenty of money, something like \$4,000, she must begin her voyage at least as a steerage passenger. A deported alien is not allowed to pay her passage. She inquired, "Why should I be married to Jacques? I love him and he loves me, but we do not desire marriage. It is not so in France; there we could love each other and no law says a little word."

HOTEL ARRIVALS

Palmer—F. R. Armstrong, Evansville; T. M. Watkins, St. Louis; H. H. Richardson, Pittsburgh; J. T. Lamb, Louisville; C. E. Morris, Cincinnati; George W. Moore, Chicago; John E. Wade, Knoxville; E. B. Walker, Nashville.

NEWS OF COURTS

Police Court.

Breach of ordinance, Henry Delick fined \$5; Lucy McPherson left open. Concealed weapons, M. G. Glicker, fined \$25 and costs and sentenced to 10 days in the county jail, an appeal prayed and granted. Cruelty to animals, Gus Nolen, fined \$10.

Suits Filed in Circuit Court.

G. M. Woodward, administrator of the estate of W. B. Hudgens against A. G. Sheffield, administrator of the estate of A. R. Sheffield for \$1,086.10. Liens on property are asked for to secure the sum sued for.

Marriage Licenses.

Adolph Surges and Pearl Griffin. William F. Burger and Lizzie Joiner. Herman Allsup and Mrs. Hattie Pollard.

In Circuit Court.

A verdict for the plaintiff was returned this morning in the case of James M. Lang against Mary E. Linn, on a note.

The case of Price against the Illinois Central railroad was set for the twenty-first day.

In County Court.

In the case of W. M. Husbands, state revenue agent for McCracken county, against Adolph Weil for state taxes on omitted property, County Judge R. T. Lightfoot assessed the property at \$5,000 on which the state tax had not been paid. The tax was for whisky stored during 1906, 1907 and 1908.

He Knew Something.

Guest—Here, waiter, this steak is absolutely vile. I won't pay for it. Where is the proprietor?
Waiter—He's gone out to lunch, sir.

PASTORS ARE ATTENDING MURRAY BIBLE INSTITUTE.

The Rev. M. E. Dodd, pastor of the First Baptist church, left this morning for Murray to attend the Bible institute which will be in session there for two days. This morning Dr. Dodd delivered an address on "Church Discipline" to a large audience in spite of the inclement weather. Dr. Dodd will deliver a sermon on "Demon Worship" tomorrow.

Dr. Dodd has just returned from Granite City, Ill., where he held a revival for two weeks. The meeting was a successful one and there were many additions to the church.

The Rev. J. P. Riley, pastor of the East Baptist church, also attended the institute.

Farewell to Roosevelt.

Washington, Feb. 16.—In the little white stone Grace Reformed church, which he has attended ever since he has been in Washington, President Roosevelt was given a farewell reception by the members of the congregation. After a few remarks in which he spoke of the pleasure he had found in attending the services there, the president shook hands with all present.

Bryan's Bill Passes.

Lincoln, Neb., Feb. 16.—The state senate by a majority of one vote passed the Bryan school citizenship bill. On the first vote it was declared lost, but reconsideration resulted in passing it. The measure was drawn by W. J. Bryan and provides for the establishment in the state university of a school to teach the duties of citizenship.

I. C. Hospital Board.

The hospital board of the Illinois Central railroad will meet tomorrow. Only the routine business is scheduled to come before the board. The regular meeting day was last Friday, but owing to the necessity of the presence of the railroad officials at Hodgenville, the meeting was postponed.

INQUEST

HELD OVER BODY OF DAISY STANTON YESTERDAY.

The Coroner's Jury Finds She Died By Wounds Inflicted By Louis Overbey.

At the inquest held over the body of Daisy Stanton, colored, who was shot by Louis Overbey, alias Jefferson, colored, the coroner's jury returned a verdict to the effect that she met her death as the result of a pistol shot in the hands of Overbey. The jury did not say whether the shooting was justifiable.

MASTER MECHANIC NASH AND MR. FEENEY RETURN.

Master Mechanic J. H. Nash and B. J. Feeney, traveling engineer of the Illinois Central railroad, have returned from Louisville after taking an active part in handling the special trains at Hodgenville last Friday. In spite of the large number of trains there was little confusion, and the plans of the railroad were so well laid that the crowds were handled in good shape. Seven engines from Paducah were used in pulling the coaches, including No. 2905, which pulled the special train of President Roosevelt. While the crowd walked

IN SOCIAL CIRCLES

Miss Weeks at Columbia University. The Lexington Herald says of a talented Paducah girl, whose college work has received especial distinction:

"News has been received in this city of the excellent and in many respects the remarkable work of Miss Mabel Weeks, a graduate of Transylvania University two years ago, whose home is in Paducah. Miss Weeks is in New York, where she attended Columbia University the year following her graduation in this city and there she secured her master's degree in the fine arts. Miss Weeks is engaged at the present time in original research for one of the professors of history in Columbia University. The work is of a biographical character and is said to be a sketch of a prominent national man. Miss Weeks' parents are not living. She has a brother who is now preparing himself for the medical profession. She has been engaged in this research work since last June. Throughout her college career she has been noted for her excellent and diligent effort."

Glueklich Dancing Club.

The Glueklich Dancing club has been reorganized and it is intended to change the name of the club. The first dance will be given since the reorganization next Thursday night at the "Three Links" building. The dances will be given the first and third Monday nights of each month. Mr. Thomas Metcalf has been elected secretary and manager of the club, while the roster of other officers will be elected at the next business meeting.

Old Musical Favorites in Church Concert Tonight.

Circle No. 1 of the Church Furnishing society will give a birthday social in the lecture room of the First Christian church this evening. Refreshments will be served and a delightful musical program will be carried out. The program will consist of old musical favorites as follows:
Vocal duet, "Juanita."
Vocal solo, "I Dreamt That I Dwelt in Marble Halls"—Mrs. H. C. Overby.
Piano solo, "Sweet Bye and Bye" (variations)—Miss Courtney Puryear.
Vocal duet, "What Are the Wild Waves Saying?"—Mrs. Lela Wade Lewis, Mrs. W. C. Gray.
Vocal solo, "Where Are the Friends of My Youth?"—Miss Mabel Shelton.
Vocal solo, "Believe Me If All Those Endearing Young Charms"—Mrs. Lela Wade Lewis.

Miss Lillian Gregory in Macon.

The Atlanta Constitution "Social Life" contains the following "special correspondence" from Macon, Ga., that will be of interest here:
"The festivities of the past week were ushered in by two pretty parties on Monday afternoon—one an informal reception given by Mrs. O. W. Hicks in honor of her niece, Miss Lillian Gregory, of Buffalo, N. Y., who arrived last week to spend the remainder of the winter. Mrs. Hicks was assisted in receiving by Mrs. Gregory and Miss Gregory. Miss Septima Snowden pouring tea at the dainty tea table. The attractive home was fragrant with quantities of flowers and between 30 and 40 young girls in lovely afternoon toilets, enjoyed the delightful informality of the affair."

Successful Valentine Party for Church.

The Valentine social given by the ladies of the Mechanicsburg M. E. church last night at the Biederman building on Parley street, was a pleasant occasion. The crowd was a large one for the inclement evening. A box supper was enjoyed and the evening was spent socially. About \$23 was realized for the church by the entertainment.

At Grace Parish House Tonight.

A smoker will be given at the parish house of Grace Episcopal church tonight at 8 o'clock for the men of the parish and their friends. It is the second of a series of in-

Plases Everybody's Fancy Post Toasties

seem to fit the taste of everyone. Grown-ups relish it, and children go nosing 'round for a bowl of Post Toasties and cream like a pony after sugar.

The golden-brown flakes are substantial, yet so delicately crisp that they melt in the mouth. But it's no use trying to describe the fascinating, toasty flavour—one must "taste the toast" in them to know why

A Dimple Maker

Find a child with dimples and chubby arms and legs and you find a healthy child. Find one with drawn face and poor, thin body and you see one that needs

Scott's Emulsion

Your doctor will tell you so.

Nothing helps these thin, pale children like Scott's Emulsion. It contains the very element of fat they need. It supplies them with a perfect and quickly digested nourishment. It brings dimples and rounded limbs.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World." SCOTT & BOWNE, 409 Pearl Street, New York

formal evenings of good stories, good songs, good time and general good fellowship, with a substantial luncheon.

Pretty Valentine Card Party at McCandless Home.

Miss Hazel McCandless' card party on Monday afternoon at her home, 333 North Ninth street, was a pretty compliment to a quartet of popular visiting girls in the city and to Miss Manie Cobb, who has recently returned from a year's stay in New York. Miss Josephine Cain, of St. Louis; Miss Ritter, of Hopkinsville; Miss Irene Furnish, of Uniontown; Miss Tess Manning, of St. Louis, were the out-of-town guests of honor.

The house was a charming reflection of the Valentine season. Hearts galore were strung from the four corners of the rooms, crossing in the center and caught to the chandelier with large hearts. The red color-tone was further carried out by a profusion of red carnations. In the prettily-appointed luncheon served after the game the red motif was attractively emphasized in the pimento salad and in the red and white loes.

Little Miss Barbara Nell Paxton made a beautiful "Queen of Hearts," receiving the guests at the door. Miss McCandless received in the parlor. The tables were arranged in the reception hall and the library. The game-score was kept by Miss Mary Cave and Miss Willie May Rascoe. The tallies were red hearts.

The first prize, a jewel hat pin, was won by Miss Mabel McNichols. The consolation prize, a heart-shaped velvet pin cushion, went to Mrs. Charles DeWerther. The visitors' prize, a book, was won by Miss Manie Cobb.

The guests were: Mesdames Percy Paxton, Charles DeWerther, W. E. Bockman; Misses Josephine Cain, St. Louis; Ritter, Hopkinsville; Irene Furnish, Uniontown; Tess Manning, St. Louis; Manie Cobb, Mabel McNichols, Nell Hendrick, Willie Willis, Brooks Smith, Ethel O'Brien, Maple O'Brien, Elizabeth Sebree, Alma Kopf, Elsie Dodge, Fred Paxton, Helen Hills, Willie May Rascoe, Marjorie Loving, Henry Alicott, Lillie May McGlathery, Nella Hatfield, Lillie Hobson, Rosebud Hobson, Lucile Harth, Helen Powell, Mary Cave, Marjorie Bagby.

MARRIAGE NOT A FAILURE

Divorces Show Hunt for Marital Happiness Too Often Gets Poor Game.

But present-day conditions are only new tests of character. Men and women in the olden days faced poverty, hardship, conquered the field, river and forest, and with supreme courage faced the conditions of their day. If men and women are unable to resist the temptations of luxury and extravagance and the petty things of our time, does it not show a weakness of character that is as unworthy as it is deplorable?

Putting an end to divorce will not be an effective remedy for such a situation. Divorce is only a symptom, while the disease reaches down into selfishness, extravagance, weakness and lack of courage and character.

The hunt for happiness is a mad pursuit in which the hunter hardly ever finds what he seeks. He generally ends in the pursuit of personal pleasure, which is the most extreme form of selfishness. And in the end he finds bitterness and disappointment.

Marriage is not a failure, not by any means. But the record of divorce courts and the wall of whining, discontented, complaining couples shows that a good many of the people who get married are failures of the worst kind.—Baltimore Sun.

A Logical Result.

"Where are you going, my pretty maiden?"
"I'm going a-milking, sir," she said.

"Then I want to marry you, my pretty maiden."
"For I own the water-works here," he said.

So they were married, egad, and they have lived ever since on the milky whey.

Write today and learn how we can help you. One of the greatest books on business ever written will be sent free. The Sheldon School, 1540 Republic Bldg., Chicago

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of ingredients composing it is printed there in plain English. More than forty years of experience has proven its superior worth as a blood-purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone root and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine.

Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed.

In treating old running sores, or ulcers, it is well to insure their healing by applying to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Though he offers the substitute for a less price you can't afford to experiment with your health. Go where they give you what you ask for without argument.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

IN HOTEL FIRE

PADUCAH LADIES LOSE THEIR PERSONAL BAGGAGE.

Mrs. Edmund P. Noble and Mrs. Harry G. Tandy in Seabreeze Fire.

Mrs. Edmund P. Noble and Mrs. Harry G. Tandy, who are spending several months in the south, were in the Clarendon hotel at Seabreeze, Fla., which burned Sunday. Telegrams have been received by Paducah relatives and friends that they escaped from injuries, but part of their baggage was destroyed in the fire. Mrs. Noble and Mrs. Tandy had been at the hotel only a few days.

LOOSE BARGES

SWEEP LENGTH OF PADUCAH WHARF YESTERDAY.

Greatest Damage Done to Illinois Central Incline and a Fleet of Coal Barges.

Considerable damage was done yesterday afternoon along the shore by a fleet of seven barges breaking loose from the "Ducks Nest" and traveling the entire length of the harbor. The greatest amount of damage was done at the Illinois Central Incline. All the barges in two sections, three in the first bunch and four in the second bunch, struck the Duncan and its cradle. The cradle was torn loose and the transfer boat was turned around. The first damage done was when the barges struck the fleet of the St. Bernard Coal company and parted all the lines holding the fleet and by hard and fast work the fleet of coal was again moored to the bank. The coaling stations of the West Kentucky Coal company and St. Bernard Coal company were the next victims of the drifting barges, but not much damage was done. The steamer Royal, moored at the West Kentucky coaling station, had several of her fenders torn off and other light damages done to her guards. The barges drifted out in the river and the wharfbreak and dry docks escaped and the next obstacle of the barges was the incline. The steamer Harth and her good crew of rescuers caught all the barges and moored them. The barges belonged to the Charles Turner fleet and were badly damaged in their mad flight.

Kennedy's Laxative Cough Syrup not only allays inflammation and irritation of throat and lungs, but it drives out the cold from the system by a free yet gentle action of the bowels. Sold by all druggists.

BROOKPORT.

The stork visited the home of Mr. and Mrs. A. W. Paust Saturday evening and left a big nine-pound girl with them.

Eleven extras left Brookport Sunday, which seems to indicate that we are "going home."

The Rev. M. C. Shanks, the Christian minister of this place, is the proud father of a big boy, born Friday night. Mother and child are doing well.

Samuel E. Hussey, foreman of the Eagle, visited in Metropolis Sunday and Sunday night with A. T. Barnes, of the Herald.

The Rev. J. S. Cummins, of Carmi, preached at the Methodist church here on Sunday night, and held quarterly meeting Monday morning at 9:30.

N. M. Burns, of St. Louis, visited friends here Sunday and Monday.

A raft of something over 1,600 logs arrived here yesterday for the J. T. Morgan Lumber company from the Tennessee river—the largest raft of logs that has come down the river since 1893.

Dr. A. E. Adkins returned from St. Louis yesterday, where he had been on important business connected with a big land deal.

Architect Lassiter, of Paducah, is working on plans and specifications for the new banking house to be erected here just as soon as he can get his forces mustered and plans drawn.

Dr. P. S. Waters is moving his residence on corner of Second and Ohio, to make room for the new Farmers' National bank building.

W. H. McGhee is planning to build three business houses on his property, corner of Perry and Third streets. The plans, as laid out by Mr. McGhee, contemplate three two-story concrete and brick buildings, modern and fireproof.

A. M. J. Todd, secretary of the Commercial club, made a trip to Paducah yesterday on business connected with future interests of Brookport. Mr. Todd is a hustler and has several things up his sleeve in store for his hustling little city.

Mr. E. L. Dupuy, cashier of the Farmers' National bank, organizing, is making arrangements to move his family here from Rockport, Ky., and will probably be a Brookporter not later than March 31.

Lieutenant Guy Austin made his

Frail Women Aided Free

The woman who is by nature not robust cannot be too careful of her health. The foundation of all health is in the stomach. Without good digestion the body is not nourished, and then soon becomes feeble and weak. In order to have good digestion regular bowel movement is absolutely necessary, and it is at this point that so many women neglect themselves.

In any of these conditions you cannot do better than to take Dr. Caldwell's Syrup Pepsin, the remedy that thousands of delicate women are using. It is the great family laxative, and in addition to its wonderful power to cure chronic constipation and chronic indigestion, it contains tonic properties that strengthen the stomach muscles so that in time they will work naturally again without the aid of medicine.

Any druggist will sell you a bottle for the small sum of 50 cents, though persons who have used the remedy before and know what it is buy the \$1 size. Mrs. Amanda Brannan, of Alvarado, Va., who is 48 and feeble, uses it regularly and speaks in the highest praise of it. Esther Pine, of Marion, Ind., is also an enthusiast of this wonderful remedy and she wished she had the fortune to tell the whole world about it. Both these ladies, as well as hundreds of others, would not name the first became acquainted with Dr. Caldwell's Syrup Pepsin through the doctor's offer to send any sufferer a free test bottle direct to the home.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 507 Caldwell bldg., Monticello, Ill.

regular weekly trip to Golconda Saturday night, looking after his command at that place.

Miss Hazel Zellars made a business trip to Paducah today.

Mrs. E. J. Chalk went to Paducah today to see a specialist about an operation for foreign growth in her nose.

Had to Bow to Custom. The late King Oscar of Sweden was the least conventional of monarchs, but he had to courtesy to custom nevertheless. The king and M. Bonnier, the botanist, met as strangers while out in search of flowers near Stockholm. They were soon the best of friends, and Bonnier suggested lunch at his inn.

"Come home with me instead," said the other.

When the way led to the palace gates Bonnier hesitated.

"I'm sorry," said his companion, "but I happen to be the king of this country, and this is the only place where I can entertain my friends."

Teeth Chatter. The Gold Tooth—Say, you'll be pulled if you keep on disturbing the peace.

The Troublesome Molar—Heory! I'm just aching to get out of here, you know—Puck.

DeWitt's Little Early Risers, gentle, easy, pleasant, little liver pills. Sold by all druggists.

Character is what we make of life's conditions.

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach acidity and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition, have taken numerous other so-called remedies without avail and I find that Cascarets relieve me of all the other troubles I have taken."

CAST ALUMINUM PLATE CO.

(Incorporated.)
Factory, 405 Fraternity Bldg., Paducah, Ky.

This company was organized for the purpose of making for the dentists in all parts of the United States, pure aluminum plate, cast for artificial teeth, an invention of Dr. E. Stamper, of this city. These plates have proven a great success among the dentists also Dr. Stamper has been using them in his own practice for the past year with marked success. From these facts we are sending these cast aluminum plates to the dentists in the states of Alabama, Louisiana, Georgia, Tennessee, Kentucky, Missouri, Vermont, Maine, California and others.

Now these plates being such a success with the dentists at large, we are going to add to our work the local trade—that of Paducah and vicinity.

We have not room here to tell of all the good features of these plates, and we have for our consulting dentist Dr. Stamper, the inventor of the new process, who will do all of our office work. Call at his office, 203-205 Fraternity building. Office hours 8 to 5:30 daily, Saturday nights 7 to 9. Both telephones.

These Plates Are Better Than Gold Plates and They Never Break

OPEN SATURDAY NIGHTS FROM 7 TO 9 O'CLOCK.

For Highest Cash Market Price Bring Your

TOBACCO

TO
Bohmer's Warehouse
9th & Harrison, Paducah, Ky. (Old Phone 72)

Empty hogheads furnished free to parties wishing to ship their tobacco by rail or river

Tobacco is unloaded in large, flat baskets, each grade to itself, weighed and receipt given owner, showing number of draft and pounds thereof. A corresponding ticket is placed on each pile. The highest bid is written on ticket and, should owner accept same, by presenting at office receipt previously given, the cash is handed over.

Should the bid offered not be satisfactory, the tobacco can be offered the next day or at any other time thereafter.

It costs absolutely nothing to offer your tobacco unless bid is accepted, in which case we charge 15 cents per hundred pounds and 2 cents on the dollar.

The greatest demand among manufacturers and dealers is for loose tobacco and, since it will bring more money offered loose, why go to the expense of having prized, stored, insured, inspected and looked after?

You will get more money for your tobacco when offered to the highest bidder in open competition with twenty-five buyers trying to buy than when you expect or require one buyer to buy millions of pounds without competition at a round price.

SALES EVERY DAY

LIVESTOCK.

Louisville, Ky., Feb. 16.—Cattle—Receipts 1,897 head, there was a fair attendance of buyers on the yards, yet on account of the supply of cattle being more liberal than had been anticipated, the trade was slow. Choice

handy weight butcher cattle were about steady, but all other kinds of butcher cattle were dull, the steer trade was exceptionally dull as there were a good many more steers here weighing from 900 pounds to 1,100 pounds than were wanted, and that class of cattle suffered a decline of 10 to 25c per 100 pounds and an entire clearance could not be made. There was a very good demand for feeders and stockers and prices were

just about steady all along the line. The bull trade ruled steady, canners and cutters slow. Milch cows unchanged. Not many prime finished heavy shipping steers here, the trade was slow and lower on that class of cattle. The trade finished rather dull. We quote: Shipping steers \$4.50 to \$5.75; beef steers \$3.50 to \$5.25; fat heifers and cows \$3.00 to \$4.75; cutters \$2.80 to \$4.25; bulls \$3.00 to \$3.50; stockers \$2.00 to \$4.25; feeders \$3.00 to \$4.75; choice milch cows \$3.50 to \$4.50; common to fair \$1.50 to \$3.50.

Calves—Receipts 228, choice veals steady, bulk of the best 7 to 7 1/2c, medium 4 to 6c, common calves pretty dull.

Hogs—Receipts 5,681. The market was slow and costly 15c lower; selected corn-fed hogs, 160 pounds and up, \$6.45; 130 pounds to 160 pounds \$6.10; pigs ranged from \$5.00 to \$5.25, as to weight and quality, roughs \$5.50 down. The market closed slow.

Buyers refused to buy hogs from doubtful sections except under guarantee, 1c per pound off on all soft or oily.

Sheep and Lambs—Receipts 140, market ruled steady on good stock, choice lambs 6c, some higher, culls 3 to 5c, fat sheep 4c down. No demand or practical outlet for common sheep or thin, trashy cull lambs.

Chicago, Ill., Feb. 16.—Cattle—Receipts estimated at 22,000; market strong to 10c higher; beefs \$4.30 to 7.10; Texas steers \$4.25 to 5.25; western steers \$4.10 to 4.75; stockers and feeders \$3.40 to 5.55; cows and heifers \$1.90 to 5.70; calves \$6.00 to 8.25. Hogs—Receipts estimated at 42,000; market 10c higher; light \$5.95 to 6.45; mixed \$6.00 to 6.60; heavy \$6.10 to 6.60; rough \$6.10 to 6.30; good to choice heavy \$5.15 to 6.00; pigs \$6.30 to 6.60; bulk of sales \$6.35 to 6.50. Sheep—Receipts estimated at 18,000; market strong to 10c higher; native \$3.30 to 5.85; western \$2.50 to 5.80; yearlings \$6.10 to 7.10; lambs, native \$6.75 to 7.75; western \$6.00 to 7.80.

WILLIAMS' KIDNEY PILLS

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes. Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you—at Druggists. Price 50c. Williams' Mfg. Co., Cleveland, O.

Home Course In Modern Agriculture

XIV.—Some Points on Stock Feeding

By C. V. GREGORY,

Agricultural Division, Iowa State College

Copyright, 1909, by American Press Association

IN order that the feeds fed to stock may be used to the best possible advantage it is necessary that they should be of the proper kinds and fed in the proper amounts. One of the important things to take into account in determining the value of a feeding stuff is its digestibility. Some feeds, such as oat straw, are not more than 50 per cent digestible, while in the case of the corn grain over 90 per cent is used by the animal. Feeds with a high percentage of digestibility, like the grains, are called concentrates, while those with a large amount of indigestible crude fiber are called rough feeds.

Every animal must have a certain amount of roughage; otherwise the grain would lie in the stomach in a heavy, sodden mass, which could hardly be penetrated by the digestive juices, and indigestion would be sure to result. The crude fiber, while indigestible in itself, dilutes the more concentrated feeds and greatly hastens the process of digestion. The ruminants are able to obtain a large share of their feed from roughage. Horses use considerable, though owing to their smaller stomach they cannot use as large quantities as cattle do. Swine are usually regarded as grain eating animals, yet they, too, do better for having some roughage. Mature hogs will maintain themselves on a good rape or clover pasture without any grain at all, and fattening swine will make greater gain if fed on pasture.

FIG. XXVII.—THERE IS NO FOOD BETTER THAN MILK FOR YOUNG ANIMALS.

In winter, when pasture is not available, hogs will eat considerable amounts of clover or alfalfa hay if they can get it and will be healthier and make better gains for having it.

Another important quality in a feed stuff is its palatability. Stock will make greater gains on feeds that they like, even though they contain no more nutritive material than those that are not so palatable. Closely related to palatability is succulence or juiciness. Cows give a large flow of milk on pasture not so much because of its high feeding value, but because of its succulence and palatability. Stock of any kind will not make the best use of their feed if given nothing but dry hay and grain.

The most satisfactory means of providing succulent and palatable feed during the winter is by the use of the silo. Silage has a high feeding value and is cheap, since from eight to twelve tons can be raised on an acre. It finds its greatest use as a feed for dairy cows, but also makes a profitable addition to the ration of nearly all classes of stock.

The most important point to consider in preparing a ration is the relative proportion of the different constituents. Fats and carbohydrates are interchangeable and can be considered together, since they both go to furnish heat and energy or to build up animal fat. Neither of these substances, however, can take the place of protein, since neither of them contains nitrogen. To build up the muscles, organs and other parts of the body which require this element considerable protein must be fed. The ordinary feeds found on the farm contain too little protein in proportion to the other substances. To secure the best results a balanced ration—that is, one in which the amount of protein is in the proper proportion to the amounts of fats and carbohydrates—must be fed.

It can readily be seen that what is a balanced ration for one class of stock may not be for another. Young calves, colts and pigs require more protein and ash in their food than do mature animals. A work horse needs large amounts of fat and carbohydrates to supply him with energy, but he also needs considerable protein to repair his muscles, which wear out very rapidly. A fattening steer needs only a minimum amount of protein, since he is neither growing nor using his muscles. A milk cow needs a great deal of protein and ash to use in making milk, together with a liberal amount of the other constituents, to supply energy and to make into butter fat. A pregnant animal is in especial need of protein and ash to use in building up the bones and flesh of its offspring. All animals need larger quantities of the heat forming elements in the winter in order to keep the body warm.

Another important point, one that must not be lost sight of in preparing rations for any class of stock, is the cost. It makes no difference how digestible, palatable or well balanced a

ration may be nor how rapid gains it will produce, if those gains are put on at too great an expense the feeding operations will result in a loss. For the last two years, for instance, bran and shorts have been so high in price that it is doubtful if they could be fed at a profit. Bran produces a large milk flow when fed to cows, but silage and clover hay are just as good and cost only a fraction as much.

The question of how much a farmer can afford to spend for concentrated byproducts is always a perplexing one. Something is needed to balance the corn, which is the principal feed on most farms. If nothing else is fed with corn it will not be thoroughly digested and much of the nutriment which it contains will be wasted. When corn is cheap this does not matter so much, but when the price goes up to 50 or 60 cents a bushel it becomes an important consideration. This applies not only to corn, but to other grains as well, since all contain an excess of carbohydrates and fat. Oats come the nearest to being a balanced ration of any farm grain, but they are usually too expensive to be fed exclusively. Mixing oats with corn does not make a balanced ration, since the oats have scarcely enough protein to balance their own carbohydrates and fats. Another factor which must be taken into consideration is the health of the animals. This will surely suffer if they are compelled to live long on a single kind of feed, especially one that is as low in protein as corn is.

When grain is high in price the saving effected by the purchase of some supplementary feed rich in protein will usually much more than pay the cost. In buying feed to balance corn or other grain the chief consideration should be the amount of digestible protein which it contains. Ash is also important, especially if it is to be fed with corn, which is low in ash. By dividing the price per ton of a feed by the number of pounds of digestible protein in a ton the price per pound of protein is easily determined. Thus the comparative cost of protein in the different byproducts can be figured out and the one used which will furnish it in the cheapest form.

For hogs there is probably no better or cheaper source of protein than tankage or meat meal. A ration of one part of this to ten parts of corn is an ideal one for fattening hogs. For growing pigs the amount of tankage should be doubled and some skim milk added if it can be obtained. Milk is an almost perfect food for all young stock, and the farmer who has a large supply of it has a big part of his feeding problem solved.

Another feed that is invaluable for young pigs and calves is dried blood or blood flour. Nothing else will stop scours so quickly nor do so much toward starting along a unthrifty pig or calf. A heaping teaspoonful to a feed is enough for a young calf, with proportionate amounts for the pigs. The reason that these packing house byproducts are especially valuable for young animals is because of the large amount of ash which they contain. The use of such feeds insures strong bones and healthy, vigorous animals.

FIG. XXVIII.—CLOVER PASTURE IS AN EXCELLENT FOOD FOR SHEEP.

A lack of ash is the chief fault that can be found with the corn byproducts, such as germ oil meal and gluten feed. For this reason these feeds are not so valuable for milk cows and young stock, although they are all right for fattening animals. Oil and cottonseed meals contain more ash than the corn products, but not so much as tankage. They are usually a cheap source of protein. Oilmeal is especially valuable for keeping the system in tone, the bowels loose and the coat sleek and glossy. Cottonseed meal should never be fed to hogs, as they often die from eating it.

There is nothing better than clover pasture to balance the ration of fattening swine. Clover pasture, with perhaps a small allowance of grain, is an ideal feed for milk cows, calves and colts. The little pigs will learn to eat it also, but will need considerable grain and skim milk in addition if they are to make rapid gains. Clover hay and corn is a ration for fattening cattle and sheep that cannot be beaten. Clover hay and silage with a little corn and oilmeal added is a first class winter feed for dairy cattle. Even for horses clover hay, if not dusty, is the best of roughage. Its liberal use for all classes of stock will reduce the cost of feeding and add to the profits. So it is evident that the wise farmer will not neglect to provide a clover pasture that is ample

No man is as good as he might be who does not try to be better than he can be.

No man needs our pity more than he who is indifferent to the sorrows of others.

LOGICAL ECZEMA CURE

ENDORSED BY PHYSICIANS.

After treating eczema for years as a practically incurable blood disease, the medical world is greatly interested in the discovery that it is not a blood disease at all, but is due to a parasite in the skin itself. This parasite is easily destroyed by the external application of a compound of oil of wintergreen, thymol, glycerine, etc. This will quickly kill all eczema germs, while soothing and refreshing the skin.

Dr. R. A. Folkerts, of Duluth, Minn., tells of the success of treating patients:

"There was a man here suffering from eczema for the last fourteen years, and I applied D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who has been suffering with rheumatism for fourteen years, and eczema in his feet, and the second treatment in both cases cleared the skin almost absolutely. The first application is a balm, and its soothing effect is beyond expression. I shall never be without it, and shall use it among my patients altogether."

No matter how terribly you suffer from eczema, salt rheum, ringworm, etc., you will feel instantly soothed and the itch allayed at once when a few drops of this oil of wintergreen compound is applied. The cures are permanent.—R. W. Walker Co.

NOTICE.

I urgently request all persons indebted to me to make settlement before the first day of May, 1909, as I will after that date bring suit on every unpaid note and account due me. Now your account is to each of you a small matter, while the whole is to me very important. I shall deal with all alike; if you don't pay you may know that you will be sued, whatever your name or color may be. I hate to do this, but I am forced to it in self-defense. If you have not the money and will borrow it to pay me in full by the first day of March, 1909, I will deduct 10 per cent from your account, thereby paying the interest myself. Is this not as fair as any sane man can ask?

DR. S. Z. HOLLAND,
Grahamville, Ky.

Ladies and the Commons.

Speeches have been made by ladies from the floor of the House of Commons long before the surprising outburst of Mrs. Symons. About thirty years ago one of our leading provincial newspapers recorded the following incident as taking place on a Wednesday: "When the black-gowned speaker left the chair at six o'clock a bevy of ladies began to play at parliament upon the floor of the house. One in white attire took the chair and looked charming in it. The

TRY THE MONEY-BACK CURE FOR INDIGESTION.

Nine times in ten stomach derangements are responsible for sallow complexion, dull eyes and thin body.

It is the stomach that supplies nourishing blood to the muscles, the nerves, and skin. If the stomach is healthy, plenty of nutritious matter will be absorbed by the blood. If it is out healthy, the food will ferment, and undigested, will pass along through the bowels, furnishing so little nutritious matter that the blood becomes impoverished, and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need M-O-M-E, and the sooner you get it the quicker you will be healthier and happier.

It will relieve any distressed stomach condition almost immediately. It will cure if used according to directions. Gilbert's drug store sells it for 50 cents a large box, and he thinks enough of it to guarantee it to cure indigestion.

HYOMEI

(Pronounced High-O-Me)

CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by GILBERT'S DRUG STORE.

TOBACCO NEWS

Hopkinsville Tobacco.

Hopkinsville, Ky., Feb. 16.—Last week's business upon the tobacco market was satisfactory in every respect. There was a strong demand with prices ruling good and firm. The rush was not so great as has been noted during other weeks recently, but it was of the steady kind that kept everybody busy.

On the loose floor sales amounted to 250,000 pounds, which brought prices ranging from \$3 to \$6 for lugs and from \$6.50 to \$10.50 for leaf. No fine grades were offered and some was too high in order.

The local warehouseman of the Society of Equity sold 21 hogheads of the 1908 crop, this being the first sale yet made of the new crop. This was all of trash and lugs, some of it badly half-beaten, but even of this inferior grade the price ranged from \$4 to \$6. Something over 100 hogheads of the 1908 crop has been prized by this organization and steady sales from now on are looked for.

Another heavy sale was made by the Planters' Protective association, 250 hogheads of the 1907 crop being disposed of. This leaves only about 300 hogheads unsold on the market and at the present rate the old tobacco is moving it will not be long until it is all cleaned out.

Receipts of loose tobacco continued good throughout the week, the loose floor, independent rehandling houses and association prizes getting their share.

Clarksville Tobacco.

Clarksville, Ky., Feb. 16.—Our receipts last week were 71 hogheads, mostly new tobacco.

Receipts of loose tobacco are steadily increasing at the prize houses, and the warehouses, who are making sales at prices very satisfactory to the planters and therefore there are no rejections. They enjoy seeing their crops sold with buyers bidding and get their money as soon as the sales are over.

The salesmen of the Planters' association sold 154 hogheads of old tobacco last week at late current prices and some small lots of new crop. For old tobacco we quote: Low lugs \$5.50 @ 6.00; common lugs \$6 @ 6.50; medium lugs \$6.50 @ 7; good lugs \$7 @ 7.50; low leaf \$7 @ 8; common leaf \$8.50 @ 9; medium leaf \$9.50 @ 10.50; good leaf \$11 @ 12.

GODFREY DIVORCE

WIFE RECEIVES ALIMONY OF \$50,000 WITH DECREE.

Young Woman Well Known in Paducah Society Separates From Husband.

A divorce has been decreed Mrs. Beatrice Godfrey from her husband, Mr. Arthur Godfrey, of Boston. Mrs. Godfrey is known in Paducah, as last autumn she visited her uncle, Mr. W. F. Morris, and while in the city was the recipient of many social honors. Mrs. Godfrey filed the suit, and in addition was given \$50,000 alimony. When married Mrs. Godfrey was attending Vassar and the marriage was a student at Harvard, and the marriage was an elopement. It is understood that Mrs. Godfrey will leave in a short while for a trip to Europe.

REVIVALS

ARE MEETING WITH GREAT SUCCESS IN THIS CITY.

Third Street Methodist, Second Baptist and Lone Oak Methodist Are Well Attended.

The revival at the Second Baptist church, where the Rev. N. F. Jones is assisting the pastor, the Rev. J. W. Bruner, started out well in spite of the inclement weather, and is receiving encouraging interest.

At the Third Street Methodist church the Rev. E. C. Dees was heard by large congregations yesterday. There have been 69 conversions and 26 additions to the church. Preaching at 2:30 and 7:15.

At Lone Oak church the Rev. W. J. Naylor is assisted by the Rev. Mr. Brassfield, of Woodville, this week. The attendance is growing steadily each night.

BASEBALL

MAGNATES MEET IN SESSION AT CHICAGO.

The American and National League Officials Will Adopt Regulations.

Chicago, Feb. 16.—Baseball magnates representing major and minor leagues from all parts of the United States invaded Chicago to attend the meeting of the American and National leagues.

The disagreements which have arisen between President Pulliam, of the National league and President Murphy, of the Chicago National league club, will be discussed in their entirety.

Among the prominent baseball men are Thomas Loftus, of Dubuque, former manager of the Chicago National league and president of the Three "I" league last year; John Hendricks, manager of the Fort Wayne team of the Central league; John McCarthy, manager of the Springfield team of the Three "I" league.

The opening session will be held tomorrow afternoon and the adoption of a set of rules will be the most important business under consideration at that time. The committee appointed last fall to investigate the reported attempt at bribing Umpires Klem and Johnstone at the time of the famous tie game between Chicago and the New York Nationals, will make a report early in the session.

Wife—Is there any difference between a fort and a fortress?
Husband—Not much, except, of course, that a fortress must be harder to silence.—Lippencott's.

MISS McDONALD, the Expert Corsetier, of New York, has arrived at the Guthrie Store and is today demonstrating the superlative merits of the famed Royal Worcester, Bon Ton and EGCO Corsets to an interested audience of our patrons. She is explaining why Bon Ton Corsets are the ultra fashionable high grade corsets of the moment and why Royal Worcesters are the best medium priced corsets made. Many of the new Directoire models are shown in our department for the first time today. They are fashioned upon extreme lines, in perfect accord with prevailing modes, and there is a logical fit for every figure.

MISS McDONALD'S mission is to fit and demonstrate the various models and to give other valuable corset information of interest and assistance to Paducah women. While Miss McDonald will remain with us the entire week, we should strongly advise that you choose an early opportunity to call, as she will undoubtedly be too much engaged to give the same individual attention during the latter part of her stay. Come as often as you like. It places you under no obligation whatever to buy.

RIVER NEWS

River Stages.	
Pittsburgh—Missing.	
Cincinnati	30.8 0.8 rise
Louisville	11.3 0.2 fall
Evansville	26.5 3.8 rise
Mt. Vernon	24.1 4.3 rise
Mt. Carmel	7.8 2.1 rise
Nashville	23.8 1.2 rise
Chattanooga	14.5 1.0 rise
Florence	16.5 1.5 rise
Johnsonville	24.7 2.7 rise
Cairo	28.9 2.5 rise
St. Louis	11.8 1.5 rise
Paducah	25.3 3.3 rise
Burnside	11.2 3.0 rise
Carthage	12.9 1.2 fall

River stage this morning at 7 o'clock read 25.2, a rise of 3.3 since yesterday morning. The river here will continue rising for several days. Not since last May has the stage of the river here been 25 feet. Rivermen predict a good stage of water till in the summer when the regular low water season lays up the boats. All boats large and small that have been tied up on account of low water can now depart and feel sure there is no danger of running aground.

The steamer Clyde arrived in port last night about 12 o'clock with a

number of passengers and a large cargo of lumber aboard for Joppa and Metropolis. She went on down the river this morning to unload freight.

The steamer Dick Fowler left on time this morning for Cairo and way landings with a large freight and passenger list. She will return tonight at 9 o'clock.

Steamers Clyde and Dick Fowler cleared from the wharfboat at the same time this morning for down the river. The two boats raced down the Ohio and the Dick Fowler took the lead.

The steamer John Hopkins arrived from Evansville this morning and left on a return trip to Evansville and way landings immediately after transacting business at the wharfboat. The Hopkins did a good business in and out of this port.

The Joe Fowler will try and get away tomorrow morning for Evansville on her regular trip. She is tied up just below the wharfboat having a new boom pole made and put on her.

The steamer Peters Lee arrived in port early this afternoon from Cincinnati and way landings with a large cargo of freight for Paducah. She brought in about 65 tons for the Cumberland and about 35 tons for this city. She left for Memphis immediately after unloading freight.

The St. Louis and Tennessee river

packet City of Saltillo will re-enter her regular trade probably next week after being tied up for several months on account of the ice season in the Mississippi river.

The J. B. Richardson will be due in port tonight from Clarksville and will get away tomorrow at noon for Nashville and way landings. She will have a big cargo of freight out of this port.

The Royal made her regular trip today from Golconda arriving this morning and leaving on a return trip this afternoon at 2 o'clock doing a good business both ways.

The steamer Chattanooga arrived from Chattanooga and all way landings yesterday afternoon and went to Joppa with a big cargo of cross ties. She will return to port this afternoon and receive freight and leave tomorrow at noon for the upper Tennessee.

The George Cowling made her daily morning and afternoon trips from Metropolis here and return with a good passenger and freight list on both trips.

The excursion steamer Queen City did not arrive yesterday as was expected from the upper Ohio on her way to New Orleans with Mardi Gras excursionists, but is due to pass down today.

The Clyde will return tonight and receive freight tomorrow at the wharf and leave tomorrow evening at 7 o'clock for the Tennessee.

The Reaper should be in port today from the mines at Caseyville with a tow of coal for the West Kentucky Coal company.

The Wash Henshell passed this port last night on her way from the Mississippi to Louisville after a tow of coal. The Henshell went up light.

The I. N. Hook came into port yesterday from Cairo, where she delivered a tow of Cumberland river ties. She will prepare to go out in the next few days after another tow of ties.

The Henrietta has gone up the Cumberland after a tow of ties for Joppa. She took with her several empty barges.

The Harvester will make up a big tow of coal and go south with it next week. She is towing coal for the

West Kentucky Coal company.

Captain Charley Ford, of the transfer boat W. B. Duncan, is off for a few days and during his absence Capt. Bud Annis is in charge.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon will continue to rise quite rapidly for several days. At Paducah and Cairo, will continue rising throughout this week.

The Wabash at Mt. Carmel will continue rising for three days.

The Tennessee at Florence will continue rising for 12 to 24 hours. At Haverston and Johnsonville will continue rising during the next 36 hours probably passing flood stage at River-ton tonight, and reaching 24 or 25 feet at Johnsonville on this rise.

The Mississippi from below St. Louis to Cairo will continue rising for two days.

OPERA CHAIRS

PURCHASED BY SCHOOL BOARD CREATED DEFICIT.

Proce to Be Anything but Satisfactory and Superintendent Condemns Them.

The opera chairs in the auditorium of the High school have failed to give satisfaction, and it is doubtful that the school board will purchase any more. The chairs are of light material and the castings are so delicate that many have been broken. Superintendent J. A. Carnegie is not pleased with the seats for use in the study hall, and the only suitable purpose for which they could be used is for lecture rooms. Frey Hoyer, who is the superintendent of buildings, was busy this morning for several hours in repairing the broken chairs.

It takes more than good living to make the good life.

Father—What did you learn in school today?
Johnny—Ten upper cuts equal to one solar plexus.—New York Sun.
